'Honor Slaying' Trial To Hear Alienists As Conclusion

Massie Trial To Be Resumed On Saturday

Prosecution Fights Desperately Against Defense Of Darrow

LEGAL EVASIONS WILL BE SHUNNED

Day's Recess In Trial Taken To Allow Alienists To Reach Court

By JAMES ADAM
International News Service Staff Correspondent

HONOLULU, T. H., April 22.—**Fighting desperately for a clear-cut conviction despite the well laid defense of Clarence Darrow, Prosecutor John C. Kelley today mapped his final battle plans in the Fortescue-Massie "honor slaying" trial, aided by two mainland psychiatrists of renown.**

A recess until Saturday was granted by Judge Charles S. Davis to permit Kelley and his two alienists, Dr. Paul Bowers and Dr. Joseph Catton, to study the transcript of testimony.

Temporarily Deranged.

Darrow has contended that a culmination of harrowing events caused Lieut. Thomas H. Massie to become insane when Joseph Kahahawai purportedly admitting to attacking Mrs. Massie.

Lieut. Massie, his mother-in-law, Mrs. Grace Hubbard Fortescue, and two naval enlisted men, Albert S. Jones and E. J. Lord, are accused of the second degree murder of Kahahawai, the defense resting its entire case on the contention Lieut. Massie was temporarily deranged at the time of the shooting.

Kelley announced that he would shun all "legal evasions" such as seeking a direct verdict of guilty, a mistrial, or a directed verdict of manslaughter against only Lieut. Massie, and concentrate on attempting to establish the sanity of Lieut. Massie and the consequent guilt of all co-defendants.

PA NEWC OBSERVES

A large bi-plane flew over New Castle, headed in the direction of the New Castle airport on the Youngstown road, last evening five or ten minutes after seven o'clock. It is unusual for planes to fly over here that late in the evening.

Ah! And guess what Pa Newc saw on East North street Thursday afternoon! Two golfers, attired in knickers and black and white shoes, bags swung over their shoulders, climbing into a rumble seat.

Another Y. M. C. A. membership drive went "over the top" last night in grand style. Workers proved they could make it a success, even though certain signs weren't so favorable.

Young Pa Newc's not so superstituious but when it comes to a repetition of this black-cat-crossing act it makes him wonder. For two mornings straight now, enroute to the downtown, Young Pa Newc has had a flashy black cat cross his car's path at the very same spot.

Eyes of Senior high school students and interested townsfolk will be focused on Grove City tonight. The school's band and orchestra compete for honors there with Northwestern Pennsylvania's best in an annual competition.

A long line of hose was extended this morning from the hydrant at the corner of East North and North Mercer streets, and extended to Cochran Way, where a sewer was washed out.

Report 3,900,000 In State Eligible To Vote In Coming Primary

Bitter State And Local Campaigns Are Slowly Drawing To Close

(International News Service)
HARRISBURG, April 22.—Political leaders today were concerned with "getting out the vote" at the primary on Tuesday.

Lieutenants of candidates for state-wide offices have been instructed to center efforts to this end in districts where interest in local contests is at low ebb, fearing that the state battles may not arouse the electorate sufficiently.

Observers point out that predictions of a light vote give evidences of materializing except where district struggles are being keenly felt.

Approximately 3,900,000 men and women are qualified to cast votes on Tuesday. On the basis of the regis-

WILL PAY VISIT TO LINDBERGH

Milford, Conn., Clue Proves Unavailing, "Jafsie" Ramains At Home

(International News Service)
TRENTON, N. J., April 22.—A new development was expected to be made public in the Lindbergh baby kidnaping mystery today with the heralded visit to the Sourland mountain home of Colonel Charles A. Lindbergh of the Rev. H. Dobson-Peacock.

The dean, one of the trio of Norfolk, Va., men acting as intermediaries for Lindbergh in attempted negotiations with the abductors, was reported in New York today, but due at the Lindbergh home near Hopewell, N. J., later.

Is Following Trail.

Flying under an assumed name, he arrived by plane from Washington at Newark, N. J., airport last night.

He would say only he wanted to lose himself in New York for a few hours to follow a trail which gave hope of leading to the kidnapers' hide-away or contact with one of their agents.

Whether the dean's associate, John H. Curtis, wealthy boat builder, was in New York was doubtful, but in Norfolk he was reported to have been absent for several days.

Little information about the activities of the third of the group, Rear Admiral Guy H. Burrage, retired, could be obtained.

Lindbergh Returns Home.

Lindbergh returned to his home by automobile late last night about half an hour after Mrs. Dwight Morrow, mother of Mrs. Anne Morrow Lindbergh, arrived there.

The "Lone Eagle" was said to have gone to Milford, Conn., but

Conneaut Lake Hotel Burned

Loss Of $25,000 By Flames At Crawford County Summer Resort

(International News Service)
Meadville, Pa., April 22.—Fire today destroyed the Conneaut Lake Hotel and three other buildings at Conneaut Lake inflicting a loss of approximately $25,000.

At times the blaze ranged with ferocity and threatened the entire business section. Fire departments from Meadville, Conneaut Lake and Conneaut Lake Park battled for hours before the flames subsided.

The hotel, a three-story frame structure, was unfurnished. The other ruined buildings were a skating rink, a roller coaster and another park concession.

MAYOR LIVING ON 9 CENTS DAILY FOR FOOD

Mayor Rolland Marvin, of Syracuse, N. Y., is living on a diet which costs nine cents a day. After he gives it a fair trial, if satisfactory, it will be prescribed for the unfortunates who are being fed by the city welfare department. Mayor Marvin was one of the first city executives to eliminate married women from municipal jobs and started the idea of 10 per cent salary cuts for all employes.

France Scores Parley Victory

France Wins Over U. S. And Great Britain In Geneva Arms Session

WAY PAVED FOR FRENCH PLAN

By ARNO DOSCH-FLEUROT
International News Service Staff Correspondent

GENEVA, April 22.—France scored a decisive victory today over the United States and Great Britain at the meeting of the General Disarmament Commission by obtaining an amendment to the Criteria resolution which leaves the way open for discussion of the French law.

Concluding a debate on the question which began early yesterday, the commission unanimously voted in favor of the resolution of Sir John Simon, British Foreign Minister, after it had been amended to make the aim of the conference "the abolition or internationalization of offensive arms."

The phrase "or internationalization" was inserted as a result of the attack upon the original resolution made yesterday by M. Titulescu, of Rumania, and doubtlessly inspired by the French delegation. It leaves the way open for discussion of the French plan for an international police force under the League of Nations which would approve offensive arms if used by the League.

Japanese Troops Being Rushed To Quell Rebellion

Japanese Troops Use Chinese Eastern Railroad Under First Sanction

REPORT DIVISION ALMOST WIPED OUT

By EDWARD HUNTER
International News Service Staff Correspondent

MUKDEN, April 22.—Three trainloads of Japanese troops were rushed from Imienpo to Hailin today to combat the mounting rebellion by Chinese forces along the eastern branch of the Chinese Eastern railway.

Directors of the railway line provided the troop trains for transportation of the Japanese forces. It was believed to be the first time the C. E. R. had formally sanctioned Japanese troop movements in Manchuria.

Division Body Shattered.

After almost annihilating a division of new Kirin troops consisting of 2,000 men loyal to Japan, Ting-Chao's forces retreated into the hills.

Two hundred Korean insurgents, alleged to have been armed by General Wang Teh-Lin, another rebel leader, are reported to be seizing villages along the border between Korea and Manchuria.

Japanese Minister Of War Defies League And Soviet Troop Concentration

Veiled Reference Toward U. S. Is Made Regarding Nine-Power Treaty

By JAMES R. YOUNG
International News Service Staff Correspondent

TOKYO, April 22.—Regardless of the League of Nations and despite the fact Soviet troop concentration on the Siberian border "may portend a storm," Japan intends to hold hard-won Manchuria with all the forces at its command.

This ringing declaration by General Sadao Araki, minister of war, made in the course of a political meeting of Osaka, attracted widespread attention here today as conclusive proof of the role of complete independence the Japanese army is playing in the country's affairs.

Opposition Defied

Defying international opposition to Japan's course in Manchuria and giving official recognition to reports of Soviet troop concentration, Araki served notice that Japan is in Manchuria to stay and to transform it into a nation of "peace and plenty."

We cannot deny that the situation in Northern Manchuria is serious," General Araki said. "The Russians have concentrated four divisions along the border and are assembling aircraft and tanks.

"The League of Nations and Soviet Russia may object to our activities in Manchuria, but it is our duty to make Manchuria a land of peace and plenty. Nothing they can do will cause us to abandon our course."

Veiled Hint

General Araki also made a veiled reference to the attitude of the United States toward Japanese expansion in Manchuria.

"A certain power," he said, "is trying to invoke the Nine-power Treaty. We will oppose any attempt to apply that document to Manchuria. The people of Japan have no cause to worry on that score."

Mayor To Arbitrate As Combatants Get At Each Other

Debate this evening at 8 o'clock in the senior high school auditorium on the subject "Should the Nineteenth Amendment Remain a Permanent Part of the Constitution?" is expected to end the almost quarter of a century dispute between the ministers and lawyers concerning this particular matter of women's suffrage.

The entire proceeds of the affair will go to the mayor's relief fund, which is badly in need of funds at the present time, with which to carry on the work of the mayor's relief committee among the needy people of this city. Advance sale of tickets for the affair is such as would indicate a capacity house.

Mayor To Preside.

Mayor Charles B. Mayne will preside and act as judge in handling the situation in case of any argument of a strenuous nature between the debaters. His ability to participate in such capacity has been demonstrated on numerous occasions.

The ministers have the affirmative of the debate and the membrs of their team are Rev. Gershon S. Bennett, pastor of the First Christian church; Rev. Samuel L. Maxwell, pastor of the Epworth M. E. church, and Rev. Charles B. Wingerd, pastor of the Central Presbyterian church.

By WILLIAM K. HUTCHINSON

WASHINGTON, April 22.—Percy A. Rockefeller, New York capitalist and cousin of John D. Rockefeller, Jr., today denied reports he led recent bear raids on the New York Stock Exchange to injure President Hoover's chances of re-election.

Rockefeller was summoned as a witness in the senate investigation of short-selling, after administration senators heard he was the "big genius" behind recent attacks on the market, Rockefeller told International News Service he was a Republican and had no reason to oppose the President.

Short Selling Discussed

Rockefeller agreed with Richard Whitney, President of the Exchange, that short selling does not cause price declines. He blamed recent declines on liquidation, just as Whitney did.

The capitalist ridiculed the charge of Senator Watson, Republican leader of the senate, that "international bankers, through their brokers, have tried to smash the market and to hold up American business recovery, in order to force cancellation of war debts." Watson

Retiring Head Of U. S. Steel Corporation Says Outlook Is Bright

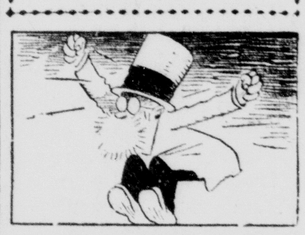

(International News Service)
NEW YORK, April 22.—The faith of James A. Farrell in the prospects for America's growing greatness was as glowing today as when he first became president of the United States Steel Corporation, the mightiest organization of its kind in the world.

He revealed this at a dinner last night at which tribute was paid him as the retiring head of the vast business by the foremost steel men of the country.

"Looking to the future of American industry," he said, "I find nothing in the present situation to rob me of my faith in the essential soundness of our industrial system."

Friendship, experience and concentration on the immediate task with "infinite capacity for taking pains," he declared were essential to business success.

QUIZ MRS. KEITH-MILLER IN FRIEND'S DEATH

Noted Aviatrix In Mystery Case

Claims Friend's Death At Her Home Is Case Of Suicide

GIVEN FREEDOM DURING FUNERAL

(International News Service)

MIAMI, Fla., April 22.—Mrs. J. M. Keith-Miller, famous Australian aviatrix, prepared today to submit to another grilling in connection with the mysterious death of her friend and biographer, Haden Clarke.

Tears streaming down her cheeks, the noted feminine flyer last night returned to the county jail from the funeral of the 31-year-old flyer and writer to whom, police said, she was engaged to be married.

Attends Funeral

To attend the funeral she was allowed to be absent from the jail where she and her flying partner, Captain William N. Lancaster, formerly of the British Royal Air Force, were being held for questioning.

A dramatic scene was enacted as the final rites for the youthful flyer-writer were being conducted. Mrs. Keith-Miller confronted the dead man's mother, Mrs. Ida Clyde Clarke, for a brief, tense moment.

Dramatic Scene

The women flung themselves into each other's arms and wept bitterly. Sobs shook Mrs. Keith-Miller's body and as the words of the funeral service were being recited she cried continuously. When she returned to the jail after an absence of two and a half hours, the tears still streaked her cheeks and her eyes were red.

Both Mrs. Keith-Miller and Capt. Lancaster, who five years ago accompanied her on a memorable flight from England to Australia declared that Clarke had shot himself Thursday morning after he and the captain retired for the night on the sun-porch of a residence leased by the aviatrix.

Plot Is Revealed

New complications were imposed on the mystery when J. B. Rowland, state's attorney's investigator, after examining letters found in Mrs. Keith-Miller's house, said there were intimations that a plot was being outlined to smuggle gasoline from the United States into Mexico by air.

State's Attorney N. Vernon Hawthorne spent several hours at the county jail questioning the famous woman flyer and the British aviator on all phases of the mystery.

Details Unfolded

Lancaster told investigators that he and Clarke talked a long while after retiring to the sun-porch. After falling asleep, Lancaster related, he was awakened by the report of a pistol. He jumped up and found Clarke in his bed, dying. He immediately called Mrs. Keith-Miller, he said, and police and an ambulance were summoned.

Check Signatures.

MIAMI, Fla., April 22.—Handwriting experts today checked signatures on notes left near the bed where Haden Clarke, young "ghost writer," was found shot to death in the home of Mrs. Jessie M. Keith-Miller, famous Australian flier whom Clarke loved.

The notes were addressed to Mrs. Keith-Miller and Captain W. N. Lancaster, former royal air force pilot who, with Clarke, formed the strong triangle of tangled love and tragedy.

Mrs. Keith-Miller and Lancaster, after a night in cells, today faced a renewal of questioning by State's Attorney N. Vernon Hawthorne.

The famous woman flier, released from a cell under guard of a deputy, attended funeral services for Clarke in an undertaker's chapel last night. It was the wish of Mrs. Ida Clyde Clarke, professor of journalism at the University of Miami and mother of the slain man, that the woman he loved attend.

In today's renewed check of suicide notes, Hawthorne was guided by the statement of Mrs. Clarke that she was sure of her son's signature.

Although determined to make a complete check, Hawthorne said step by step he saw a suicide theory substantiated.

"It's as perfect a setting as could be imagined for murder, but it looks like suicide," the prosecutor said.

MINISTER MAY HAVE NEW CLUE IN LINDY CASE

(Continued From Page One)

official confirmation of this was lacking.

Col. H. Norman Schwarzkopf, head of the New Jersey state police, would only say in his latest bulletin that "a report taking an angle of the investigation to Milford, Conn., came to nothing."

A New Rochelle, N. Y. waitress turned over to the Jersey authorities parts of a torn photograph said to resemble the stolen 22-months-old Charles Augustus Lindbergh, Jr., who has been in the hands of the kidnapers since March 1

Tips Unavailing.

A man and woman eating in the place, the waitress said, suddenly started an argument that flared up into a violent quarrel during which the picture was torn and the pieces dropped on the floor, after which the customers left.

Routine police work was carried on by Schwarzkopf's forces, checking new reports of babies seen that resembled the stolen Lindbergh infant.

None of these tips yielded anything valuable, although one from the vicinity of Princeton, N. J., was said by Schwarzkopf to have looked very promising for a while.

"Jafsie" at Home.

Dr. John F. Condon, the "Jafsie" of the case who paid $50,000 ransom money to the supposed kidnapers without obtaining restoration of the baby, remained quietly at his home in New York City yesterday and today.

Apparently he made no immediate move to re-establish contact with the men to whom he paid the hoax ransom and who are still believed by him and Col. Lindbergh to be the bona fide kidnapers.

said he hoped the investigation would prove his charge. Rockefeller called it "ridiculous."

Rockefeller was among a dozen witnesses called. New York brokers and traders were on the list, including Matthew C. Brush, regarded as one of the market's outstanding short-sellers. Edward Knight, New York accountant, and Thomas A. Kenny, Philadelphia trader, were also subpoenaed.

"Do you agree with Mr. Whitney that short-selling does not cause prices to decline?" Rockefeller was asked.

"Yes, every one agree about that, who is familiar with the Exchange," said Rockefeller.

"Whitney differentiates between liquidation and short-selling. He says liquidation causes price declines. Do you agree with that?"

"That is the general opinion on the Exchange," he answered.

Whitney had occupdied the stand on the first four days of the inquiry. He was excused until Monday. He constantly parried questions and the committee obtained no information he did not want to give.

Brush Gives Views

Washington, April 22.—Matthew C. Brush, President of the American International Corp. and one of Wall street's leading short-sellers, today gave the senate bear raid inquiry a trader's view of the market operations.

Brush said he had been a "long" trader in 1929 but later became a short-seller. He said the liquidating value of his stocks in 1929 was about $15,000,000.

Brush announced he had no intention of increasing his short holdings in the near future. He said he didn't want to give his plans away to Wall street but admitted he wasn't going to increase his short interests for the present.

"There are too many contributing factors to affect conditions in the next nine months," said Brush. "I believe the possibilities beggar the imagination. I wouldn't take a position in the market now, either way, if I didn't have one now."

William A. Gray, committee counsel asked him if he hadn't been "a pretty heavy trader."

"I've traded substantially," Brush replied, explaining he had been in the market in a big way since 1921.

Brush said he bought or sold stocks "for my own benefit." He said he sometimes "took a few friends in" but never did any trading for the public.

Brush said he never sold short on a rising market or bought on a declining market.

"The only time you can sell stocks short is when there is a demand for them," said Brush.

COLUMBUS, O., April 22.—As John W. Glasscock began his last day of life at Ohio penitentiary today, authorities revealed a daring plot by him and three other men in "murderers' row" to break out of the state prison.

Glasscock, convicted Cleveland murderer, who is to be electrocuted tonight, was to have led three companions in "death row" in a break for freedom on the night of March 12 when Daniel Hunt of Putnam county was executed, officials said.

The escape was said to have been averted when Hunt, as one of his last gestures of life, quietly notified authorities.

The outstanding Republican state committee fights include Dauphin county where the independents have two candidates striving to supplant the incumbents, both organization-sponsored. The latter are Mrs. Sara F. Etter, vice-chairman of the committee, and John F. Snyder of Hershey.

In Allegheny there are 36 candidates in the six districts for the 12 seats, a situation made more complex by the battles of various factional leaders for control of the county organization.

York county, home of Samuel S. Lewis, has six candidates for two seats. Snyder county has five aspirants for one seat, Lackawanna has two women in a bitter contest and in Lebanon Ralph H. Behney is backed by the governor against Mayor John K. R. Schropp, who was the only organization candidate elected in last fall's local balloting.

Mooney was guilty of the offense charged against him; that he was justly convicted by the jury by whom he was tried and that the application made on his behalf for a pardon should be denied."

Attached to the Rolph decision in the state's bulging Mooney file was the voluminous report of Judge Matt I. Sullivan, former chief justice of the California state supreme court, in which Mooney was bitterly excoriated and in which Woodrow Wilson, Mayor Walker of New York, Professor Albert Einstein and other notables were caustically referred to for their "misplaced sympathy" in behalf of Mooney, convicted to life imprisonment for the preparedness day bombing in San Francisco.

Capone Petitions Supreme Court For Conviction Review

United States Court Is Given Appeal By Attorneys For Capone

(International News Service)

WASHINGTON, April 22.—Al Capone petitioned the United States supreme court today for a review of his conviction and sentence of 11 years in prison and $50,000 fine for evasion of the income tax law.

The petition, which was filed by Michael J. Ahearn, Albert Fink and Frank K. Neveker, counsel, was couched in legal terms.

The attorneys asserted that Capone's constitutional rights were invaded by the indictment and the construction of the court.

Capone was charged with attempting to evade his income tax for the years 1925, 1926 and 1927.

The indictment, Capone's attorneys contended, violates both the fifth and sixth amendments to the constitution which guarantees to persons charged with committing crimes the right to be informed of the nature and cause of accusation against them.

Prospects Brighter For W. K. Billings

Report Billings Is Split Definitely From Mooney Defense Committee

(International News Service)

FOLSOM PRISON, Cal., April 22.—As hope faded for freedom for Thomas J. Mooney, prospects loomed brighter today for Warren K. Billings, co-defendant in the famous Preparedness day bomb disaster, now serving life at Folsom prison.

This hope was based on the Sullivan report reference to Billings as "the tool of Mooney".

Reports were current that Billings has now split definitely from the Mooney defense committee and is seriously considering making application for parole.

Billings, officials declared, did not believe the governor had made the decision.

"It was made for him," he said.

Mexican Bandits Numbering 36 Are Executed Today

(International News Service)

VERA CRUZ, Mexico, April 22.—Thirty-six members of the band that last week sacked the town of Paso Del Macho and attacked the British owned Orizaba-Vera Cruz train were executed by firing squads at Huatusco today.

As each of the accused men was convicted he was taken into a courtyard and shot.

Today's executions brought the total number of members of the band who have been exterminated by firing squads to 61.

The Politic Thing

One of the charges used in this campaign for the General Assembly is that I have not always done the politic thing. The charge comes from politicians. It is true. When honest service to the people of New Castle has conflicted with the "politic" thing to do, I have chosen the former course. It has been my impression that I was sent to Harrisburg to represent the people of New Castle and not to follow the plan of individuals or cliques. It can not honestly be said that this policy of service to the citizens has not produced results. It can be said that it has earned for me the opposition of a few politicians.

May I suggest that it is now about time for the biennial crop of rumors and propoganda. Already the word is out that a "witches potion" is being brewed to poison the minds of the voters. It will not be used until the last minute, it never is, and like previous attempts I am confident that thinking people will give slight heed to it. The primary election is next Tuesday. I am a candidate for the Republican nomination for the General Assembly. If you believe that it pays to hire experienced people, if you believe that experience brings results, I will appreciate your vote.

KITCHEN SHOWER HONORS BRIDE-ELECT

With ideal weather and a full moon hoovering low on Thursday evening, members of the George Washington Junior High school faculty filed into the home of Mrs. Rachel Taylor on Sheridan avenue, who with Mrs. Eleanor Foster, both instrutresses in the Domestic Department of the same school, entertained jointly at a party in honor of Miss Edith Dodds who will wed George Deuel of Mansfield, Pa., this summer.

Tables of bridge occupied the attention of the guests, and at conclusion of play it was discovered the success awards were won by Mrs. Robert Holt and Miss Zelma Nesbitt.

Immediately following this feature, the small tables were re-arranged and decorated in the school colors, orange and black, and every detail expressed this scheme to the N'th degree. The hostesses then served a very delicious lunch, and while everything was at its heighth, the surprise of the evening came.

Little Verna Mae, six year old daughter of Mrs. Taylor, made her appearance dressed for an "April Shower," with little boots, raincoat, umbrella, etc., pulling a float with a huge sign on the side reading—"The George Washington Express" which was laden with numerous packages. This was presented to Miss Dodds in a clever manner, and as she proceded to unwrap each, numerous servicable and beautiful gifts were revealed to be used in her new home. This came as a complete surprise to the honored one.

The house was decorated throughout in the predominating tones and bouquets of Martuerites in novel black vases added to the arrangement. Those who participated voted the evening an overwhelming success.

X. Y. Z. Club

The X. Y. Z. Club members had an enjoyable meeting Thursday at the home of Mrs. Amos Pyle on Ray street. During the business session election of Mrs. R. C. Glenn as president, and Mrs. J. R. Bruce as secretary and treasurer, occurred.

A period of informal pastimes filled in the balance of the evening and the hostess assisted by her daughters Florence and Eleanor, served a very delicious collation.

The next event will take place May 19 with Mrs. Bruce on Morton street as hostess.

BOWERS-KENNEDY NUPTIALS THURSDAY

A very pretty wedding of the early Spring season of interest to many in this vicinity was solemnized Thursday morning at 10 o'clock at the home of Mr. and Mrs. J. C. Bowers, East Washington street when their daughter Marie Isabelle became the bride of Garth Keith Kennedy, of Warren, avenue.

The Dr. W. E McClure, pastor of the First Presbyterian church officiated with the ring ceremony in the presence of friends and relatives of the couple. The bride was lovely in a gown of white organdy with accessories to match and Miss Margaret Bowers a sister who was chosen as her attendant, was attired in a frock of green organdie, with accessories to harmonize.

Clarence McHattie served as best man, and little Dorothy Bowers acted as ring bearer.

Following the reading of the nuptials, Mr. Kennedy who holds a position as foreman with the National Radiator Company here, and his bride left for a motor trip, their destination unrevealed. After May 1 they will be at home to their friends in their newly furnished home on Butler avenue extension.

Reunited Ladies League

The Reunited Ladies League met Thursday evening with Mrs. Anna Richards on Maryland avenue. Business occupied the early hours, and a social time followed. Bingo was played with Mrs. Mary Skidmore, Mrs. Anna Nolte and Mrs. Mary Williams being winners of the prizes.

A tempting repast was served by the hostess, assisted by her daughter, Elizabeth Richards, a daughter-in-law, Mrs. Thomas Richards, and a granddaughter Ruth Richards. The season's tones prevailed.

Mrs. Skidmore on North Mercer street will entertain the club at her home in two weeks.

Visiting at Boston.

Mr. and Mrs. R. A. Eckles, East Winter avenue, are enjoying a visit in Boston at the present time. They are to return here shortly, accompanied by Mrs. W. G. Eckles, East Moody avenue, who has been spending some time with her son Donald, a student in the Harvard university medical school.

Colonial Club

Mrs. Louis DeLillo had as her guests Thursday evening in her home on East Lutton street, members of the Colonial Club. Cards and music were pastimes, and the club prize was presented to Mrs. Mary Ciampoli. Lunch was later served by the hostess assisted by the Misses Frances DeCarbo and Vida George.

ALPHA GAMMA DELTAS HONOR JULIA RISER

Associates of the Alpha Gamma Delta fraternity were received in the home of Mrs. Jos. McFate on Delaware avenue Thursday evening when she and Miss Hazel Bergland entertained jointly and a business and social meeting combined.

The occasion was held in honor of their national inspector, Julia Riser of Birmingham, Ala., who has been in this vicinity the past few days. During the evening she gave a very interesting talk on the different chapters she has visited and told of her experiences.

A short business period was conducted and following a contest in bridge was participated in with lovely prizes for honors being captured by Miss Ruth Lewis and Mrs. Grant Waddle.

At an appropriate time the individual tables were re-arranged and cleverly decorated in the chapter colors, red, buff and green, where a delicious collation was served by the hostesses, bringing a most enjoyable evening to a close.

On Tuesday, May 24, the Misses Helen McConahy and Harriett Ewing will be hostesses at their regular meeting.

BIRTHDAY SURPRISE EVENT OF THURSDAY

Mrs. Helen Ray on Hillcrest avenue graced the role of honor Thursday evening when a large group of friends and relatives, after much scheming, invaded her home to help celebrate her birthday anniversary, thus proving a complete surprise.

After congratulations had been extended, the hours were whiled away with cards contests of various kinds, and a dainty lunch served with Mrs. Kate Hiller, Mrs. Nora McCann, Mrs. Vernetta Gilkey, Erma Ray and Howard Moncries assisting. A collection of many beautiful gifts were presented Mrs. Ray in memory of the day.

O. D. 500 Members

Mrs. Russell Crane, Mrs. George Price and Mrs. Lewis McKnight were prize winners in the cards contest held Wednesday evening at the home of Mrs. Albert Richards on Scott street when she, with Mrs. Harry Phillips entertained jointly, members of the O. D. 500 Club. Following play, lunch was served.

The next meeting will occur on Wednesday, May 4th with Mrs. McKnight on DuShane street will be hostess.

Sicilian Girls Club

Miss Mary Gennaula of 805 Emerson avenue was hostess last evening to the Sicilian Girls Club in her home. Singing, games and chat were diversions and the prize for the evening went to Nula Venturella. During the business period, plans were completed for an outing to be held at Lakewood, April 27.

Lunch was served by the hostess assisted by her sister Josephine.

It was decided the next meeting on May 5 be held at the home of Nancy Ross, South Jefferson St.

B. V. M. Club Meeting.

The B. V. M. club members were entertained in a delightful manner Thursday evening in the Tiger club rooms located on South Mill street. Games, music and card playing were the diversions and at a suitable time lunch was served by Elizabeth Tardella, assisted by Phyllis Cherol.

The committee in charge included Elizabeth Tardella, Theresa Mariana and Mary Marcella.

Evening Party

Mrs. Sumner Rowland of Highland avenue entertained a group of friends in her home in an informal manner last evening. The evening hours were spent in bridge, high score honors being awarded Mr. and Mrs. Harold Wharton. At a late hour delicious refreshments were served by the hostess, assisted by her mother, Mrs. M. P. McKibben.

Westminster Junior Co-Eds To Wear Pastel Colors At Formal Junior Promenade This Evening

GROTH WAGONER KERINS KILDOO

(Special To The News)

NEW WILMINGTON, Pa., April 22—Pastel colors will prevail in the gowns of Westminster College co-eds at the formal junior class promenade to be held in the gymnasium tonight from 9 until 1.

Miss Florence Groth, Shaker Heights, O., Alpha Gamma Delta, and president of Psi Nu, will be attractive in a gown of peach-colored crepe with a sequin girdle. Black and white slippers and an evening wrap of the same color will complete her outfit.

The president of the Pan-Hellenic council, Miss Jean Young, New Castle, a member of Chi Omega, will wear a formal of blue crepe with a short red chiffon velvet jacket. The ensemble will be completed by red sandals.

Miss Ruth Wagoner Sharon, recently elected May Queen, a member of Chi Omega will be dressed in a creation of lace over pink crepe. She will wear pink sandals.

Dorothy Bigham, Avalon ,will look charming in a white taffeta formal, embroidered with pale colors. Miss Elizabeth Curtis, Carnegie, a member of W. A. A. will be dressed in a Nile green formal with accessories to match.

The pajama type of formal dress will also be worn by a number of coeds. Miss Elaine Buzza, Coraopolis, a member of Theta Upsilon, will be attired in a peach-colored formal of this type.

A white satin formal is the gown chosen by Ruthine Miller, Evans City, a member of Omicron Mu Gamma; while Isabel Kildoo, Bellevue, a member of Alpha Gamma Delta and of the Y. W. C. A. cabinet, will wear a turquoise blue dress with silver hose and slippers.

Miss Virginia Kerins, Farrell, editor of the Holcad and chairman of the prom, has decided upon a gown of apricot-colored taffeta. Her attire will be completed with black hose, slippers and jewelry.

Nile green satin is the type of evening gown selected by Miss Harriett Robinson, Newburgh, N. Y., a member of Kappa Delta and assistant editor of the Holcad.

ART CLUB ELECTS OFFICERS THURSDAY

The Art Club gathered in the home of Mrs. Harry Wettich on Winter avenue Thursday afternoon for their regular session. WHY BAD TIMES?

A LUNCHEON club speaker exhorts, "Now is the time to get ready for returning good times." Everybody at the table nods approval. Not one has a doubt that "good times" will come back. The attitude is that of the athlete poised on the trapeze ready to catch the returning bar and swing off for a swift flight.

That is a psychology inspired by the economists of recent years. The whole business world is obsessed by the idea that it has to be sort of bob on a gigantic pendulum impelled by a force not well understood and alternating between fast swings and complete standstills. The hopeful phase of such a frame of mind lies in the fact that nobody really despairs when motion slows down. The thought always is, "Hold fast; get ready for the next swing!"

A still more hopeful sign is revealed in the tendency to revolt against the whole pendulum notion. Economists and other keen observers of business affairs are proclaiming that business itself, and not some blind force or economic principle, is responsible for the present erratic conditions.

Let this sensible teaching spread. Here is a tremendous economic system built up by such genius as the world never before has known. It is backed by such an accumulation of available wealth as the world never before has had, and possesses resources in material and labor and craft wholly adequate to its needs for constant output. It is nonsense to say that such equipment should be controlled by unreasoning caprice or should run wholly uncontrolled till it breaks down periodically, wrecked by its own violence.

HELPING THE LITTLE FELLOWS

Determined that President Hoover shall have no credit for any good thing, Democratic propagandists continue to declare that the Reconstruction Finance Corporation is supplying funds only to railroads and to large banks and is doing nothing to help "the little fellow." And that in the face of official reports filed with congress and available for everybody which proves the direct contrary.

Take, for example, the matter of loans to banks and trust companies. The official report of the Reconstruction Finance Corporation shows that such loans have been made in 46 states and the District of Columbia. Everybody knows that in many states there are no big banks. Take the state of Iowa, for example. The report shows that loans have been made to 91 banks in that state. Will any one contend there are 91 "big banks" in that state? And here is a record of the loans in some other states: Alabama, 21; Arkansas, 20; Georgia, 26; Illinois, 76; Indiana, 31; Missouri, 39; Nebraska, 27; New York, 21; (compare that with other states); Oklahoma, 28; Virginia, 30; Washington, 46. And so on down the list. In all loans been made to 858 banks and trust companies, and everybody knows that there are not that many "big banks" in the country.

The truth of the matter is that every loan the Reconstruction Finance Corporation has made has been influenced directly by the thought of the help it might give to the "little fellow." When a railroad is prevented from going into bankruptcy, for example, who is helped? Why, its employees who are saved from losing their jobs or from a wage cut; the thousands of truck drivers, freight handlers and others who are indirectly afforded employment through the operation of the road; the ten thousands of men and women of small means who have invested their savings in railroad stocks or bonds; etc. When a livestock credit corporation receives a loan who is helped? Why, the men who must have an extension of time or new funds in order to carry their herds through to market. When $50,000,000 of the funds of the Reconstruction Finance Corporation are allocated to the Secretary of Agriculture, as they have been, who is helped? Why, the many thousand individual farmers to whom money is loaned to supply them with feed or seed until they can make a crop.

When President Hoover first brought forward the plan of the Reconstruction Finance Corporation he distinctly said that its chief purpose was to bring relief to the small banks and other institutions that dealt directly with individual citizens, and it is being administered so as to accomplish that very purpose. Why not take the president at his word and judge the corporation by what it is actually doing, instead of being blindly misled by hostile propaganda?

WARNING THE CHILDREN

With the outstanding kidnaping of all time before the minds of the American public, hearts torn by hours of anxiety and uncertainty, there comes a warning in the shape of advice to the mothers of America. Mrs. Clara Savage Littledale, editor of "The Parents' Magazine," asks that mothers teach their children a code something like this:

"To reply correctly to the following questions: What is your name? Where do you live? (Street number, town, state.)

"2—To know their home telephone number. Have them rehearse, using a toy telephone.

"3—Never walk or ride with anyone before asking you if they may. Impress upon them that even though they know the person who invites them and even if candy or money is offered as a reward, they must first come to you and ask your permission to go.

"4—Never threaten your children with kidnaping in order to get them to comply with your wishes.

"5—Never teach them to fear policemen but rather to look to them as friends to whom they should go for help in an emergency.

"6—Teach your children caution but never teach them fear."

Better advice could not be given.

In every other community the country over, the policeman is one of the best friends the growing boy or girl can have. He is not only the guardian of the child's safety in traffice conditions, but he is often the custodian of the youngster outside the influence of the home. Teachers of America and the policemen who patrol their beats can do much to safeguard the boys and girls.

Inspire the child's confidence in and for them.

Too Many Questions
Too Many for Me
Let Me Ask a Few

By MARSHALL MASLIN

Who gets up those awful questionnaires—those long lists of questions that every intelligent human being should be able to answer?

And did anybody ever answer ALL the questions in those questionnaires? And what kind of human beings WOULD be able to answer every question, anyway?

Last night I read one. I'd sworn I never would again, not after that last time. But this one looked easy. The first questions were so simple, so attractive to my egotism, like the big strawberries they put on the tops of baskets.

And besides the introduction said that a lawyer in Syracuse scored 83.5 per cent on the test and a doctor scored 81.3 per cent and a housewife in Punxutawney got 79.8 per cent. And if they could do it, maybe I could too. (I'd like to meet that lawyer and that doctor and that housewife and ask them a few questions. Don't theye know that cheaters never prosper?)

I'd like to meet them and ask them a few questions. What do I care when Cheops died, or where the Rubicon is, or who wrote "Mrs. Caudle's Curtain Lectures"? I can get along without those facts. I can think of more important questions, questions I'll ask if I ever meet anybody who dares to admit he ever made up a questionnaire. I'll ask him:

Are women better drivers than men? Who's the best driver in your family?

Why don't the butchers give slices of bologna to little children anymore?

What's the best thing to say when a new father shows you his new born baby?

Can a man be a "pal" to his half-grown son? Should he try?

Where did I put my keys?

What's a sure cure for sneezing? Hiccoughing? Everything?

Does money bring happiness? (Never mind that question.)

How can parents get children to like spinach? Broccoli? Anything else that they don't like?

Why am I sleepy in the morning?

Was Mary Queen of Scots as pretty as people say she was? Could she have held a candle to the pretty young ladies you see every day right in front of the office?

Does the gas and light company guess at our light bill?

Do you want me to be frank?

Do doctors tell the truth to patients? And how many patients would they have if they did?

Does it do any good to nail a "No Peddlers" sign on your front doorstep? And don't you feel mean when you do?

Can you answer all these questions?

THE PENALTY

Because you have experienced some hard knocks are you beginning to think that life is a grubbing game—one in which the effort to live right and to do right is not worth the hard work it requires to qualify.

You know folks who live, dress well, spend liberally and do less work and apparently have a good time. How do they do it?

You feel certain that their manner of living is not what it should be.

Yet they enjoy privileges and pleasures you are denied.

At times you are tempted to adopt their principles, come what may.

But so far you have always conducted yourself in a straight and honorable way and you have never been a law-breaker.

If you took up the sort of life that these people stand for, it could only bring you sorrow and regret.

It would be difficult for you to harden your conscience to the sort of living pursued by those who get "easy money."

You may think you could be smart enough to hide all evidences of the said-to-be easier sort of life and thus you think you could escape punishment.

But you couldn't do it.

Sooner or later those who choose the wrong course pay to their sorrow and you could not escape the penalty either.

YOUR DUTY TO FEED A BIRD BEGINS WHEN YOU DENY IT A FAIR CHANCE IN THE OPEN

Much of the misunderstanding in this world is caused by taking things for granted, instead of removing the lid to see what makes them tick.

There is, for example, the matter of government. Do you know what a government is for? What is the theory back of it? What are its powers and where does it get them? What are its duties?

Well, a government isn't a natural phenomenon, nor is it a creation of Heaven. It is an organization effected by men for their mutual protection and convenience. That is all.

If all men would behave themselves, there would be no need of government. In Kansas there is a thriving, unincorporated village that has fared well for fifty years without a government of any kind.

Government is necessary because the strong prey on the weak and the evil violate the standards of decency.

The people of a community organize because there is strength in union, and when they are organized they agree on certain rules of conduct and hire somebody to see that the rules are enforced. That is a government, and that is the business of government.

Of course the thing becomes more complicated as the years pass. The men chosen to serve the people soon begin to feel important and assume authority. They think of themselves as rulers instead of servants.

And since they must collect dues, or taxes, to pay their own wages and do necessary public work, they soon learn to abuse this power as they abuse all others.

They are wasteful because the money they handle is not their own, and they use both their power and the public money to curry favor, because they wish to hold their jobs and it is human nature to be selfish.

Thus government is corrupted by graft, favoritism, venality and countless abuses of power; but still its mission remains to protect men from one another, to do public work and to enforce the rules of decency.

That is all. Government is not Santa Claus. It never was intended to be a wet nurse or a guardian or a philanthropist.

It is not the business of government to take from one citizen and give to another but only to see that both get a square deal.

A government owes nothing to any of its citizens unless it has made them poor and others rich by neglecting its duty or making unfair rules.

Government aid is excusable only as restitution.

Finance Corporation Upheld After Attack By Roosevelt

Published Comment Emphasize Fact That Aid For Leaders In Business Has Beneficial Results For Rank And File

Criticism of the Reconstruction Finance Corporation in a radio talk by Franklin D. Roosevelt, following a study of the relief offered by this agency of the government, receives little support from the press. Comment is confined almost entirely to Republican and Independent papers, which give special attention to Mr. Roosevelt's charge that the administration is able "to think in terms only of the top of the social and economic structure" and his statement that the government "sought temporary relief from the top down rather than permanent relief from the bottom up."

"He knew or should know," according to the NEW YORK TIMES (Ind.), "that he was commenting on a plan to aid recovery which had been conceived by the best financial and business brains of this country. It was designed, and it has thus far worked, for ending bank failures, preventing hoarding, enlarging credit facilities, and thus preparing the way for a restoration of confidence and a resumption of business activity. * * * He can hardly be ignorant of the way in which the closing of little local banks has been stayed and almost stopped. If he had looked into the matter at all, he would have discovered that small banks, by means of the loans quietly made to them, have been paying off their pressing indebtedness, without having to sacrifice securities at depressed prices, and so have obtained more funds to loan even to the 'little fellow' with whom Governor Roosevelt so deeply sympathizes, and even to put off the foreclosure of mortgages on farms and homes."

Referring to statements by George V. McLaughlin, a banking authority and official of the Finance Corporation, as well as a member of Mr. Roosevelt's own party, the NEW YORK SUN (Ind.) asserts: "Of the 858 banks and trust companies assisted by the Finance Corporation, only 21 are in New York state. No large banking institution in this state has asked for help from that source. 'On the contrary', says Mr. McLaughlin, 'through their own facilities they have been assisting small banking institutions.' Loans have been made by the Finance Corporation to 91 banks in Iowa. The Joint Stock Land banks and the Agricultural Credit Corporations in other farming states have been assisted."

"The slump has been kept with us, if it was not originally caused," in the opinion of the ANN ARBOR DAILY NEWS (Ind.), "by industrial stagnation and financial upheavals; consequently relief must be provided in a form that will help manufacturers and banking interests." The Daily News holds that "it is not reasonable to believe that the President's economic program has failed to consider the 'little fellow' and is intended only to help the rich get richer." The SOUTH BEND TRIBUNE (Ind. Rep.) is convinced that "the benefits were designed to reach farmers as well as wage earners."

With a review of the entire speech, including its comments on the tariff, the ROCHESTER TIMES-UNION (Ind.) makes the statement: "Governor Roosevelt is extremely careful not to advocate any drastic or radical methods of creating income or jobs for the 'infantry'. Not only is there no suggestion in the speech of direct relief to the unemployed by money grants, but the plan of a big bond issue for public works to creat employment is called an 'illusion of economic magic.' On one point the governor is specific. He directly attacks the present tariff. In this he has many, probably most, trained economists with him. Yes, Governor Roosevelt's heart is in the right place. He sympathizes deeply with the hard lot of the jobless worker and farmer. Sympathizes, but is mighty careful not to offend or startle conservatives by any proposals to which they could really object."

"If Mr. Roosevelt would come out to Nebraska," suggests the LINCOLN STATE JOURNAL (Ind. Rep.), "the farmer here, the agriculturist about whom he appears so concerned, would tell him what is needed. He need not worry about the Nebraska farmer's debts. The Nebraska farmer would tell him to go back and raise the price of wheat to a dollar and corn to 60 cents and the price of hogs and cattle in proportion. Then he could forget the farmer and the farmer would not complain of neglect."

Charging that the New York governor has employed generalizations, the DES MOINES TRIBUNE (Ind. Rep.) comments: "That the philosophy sometimes attributed to Republicans, of complete faith in the satisfactoriness of passing all benefits to the top layer, believing that the benefits will seep down to everybody, is vulnerable, no sane man would deny. But, as an emergency matter now, meeting the present situation, what would Governor Roosevelt erase of the things that have so far been done? It must not be overlooked that, just as a part at least of benefits to the top layer inevitably seep down (though it is an inadequate part), so also do the ills that may be suffered by the top layer of industry and finance seep down also to the rest (and in a more than adequate degree). Just what would be the effect on 'the forgotten man at the bottom of the pyramid,' Governor Roosevelt, if a half dozen big railroads, for instance, went into receivership in the next few months?"

On the tariff feature of the address, the SPOKANE SPOKESMAN-REVIEW (Rep.), says of revision based on the reciprocal exchange of goods: "There is nothing new in that suggestion. It is the basis of our present tariff, which admits, without the payment of a cent of tax, two-thirds of our imports, a fact so well understood by the Democratic party leaders in Congress that they are careful to avoid the introduction of a bill to revise the tariff schedules. They are backing a so-called 'tariff bill', a thing of no substance, for it merely proposes to tinker with the flexible provision of the present law, by requiring the tariff commission to report recommended changes to Congress instead of to the President, and calls for an international conference on tariff legislation—that is, to submit our domestic policies to the criticism and pressure of foreign powers, friendly and unfriendly."

Asks Merchants To Cooperate In Daylight Time

Mayor Issues Request—Industries Send Notice To Council

Mayor Charles B. Mayne today issued a statement in which he requested local merchants to cooperate with local industry which has adopted Daylight Savings time effective April 24-September 25, inclusive, excepting that the mayor's requested period of cooperation will end September 1.

Today when council met at the city building a notification was received from a committee consisting of D. S. Pyle, B. H. Kannenberg and Roger W. Roland. In effect it said that local industry would observe Daylight Savings time effective April 24-September 25.

Under the act of assembly, it was explained by Solicitor White the city cannot legally adopt Daylight Savings time and it was recalled by councilmen that during the summer of 1931, city employes reported for work one hour earlier.

Council indicated this plan would be followed this year and authorized Mayor Mayne to issue a statement requesting local merchants to cooperate with the industries in observing D. S. T. In the statement he fixed the period for merchants April 24-September 1.

Effort To Defraud Alleged In Suit

Tony Urich And Wife Attempting To Recover $975 They Loaned

Tony and Barbara Urich have filed a suit under the fraudulent attachment act of 1869 at the prothonotary's office against Alex and Barbara Pennich, who are alleged to be indebted to the plaintiffs in the sum of $975.

According to the plaintiffs they loaned the money to defendants at different times, in order that defendants might buy stock and equip a farm in Little Beaver township. No notes were taken, the defendants having verbally promised to pay the money back before January 1, 1932.

It is claimed that the defendants have never paid back any of the money and that they are now advertising a sale of their personal property, with intent to defraud their creditors.

Mills Presents His Resignation

C. S. Mills who has worked more than a year performing the duties of a city fireman today presented his resignation, effect April 19, to council. It was accepted. Mills recently brought mandamus against the city controller in which he asked that he be forced to pay him salary for performing the duties. The court decided that Mills had been elected contrary to civil service regulations and dismissed the proceedings.

The members of the Willing Workers class of the Croton Avenue Methodist church, taught by Rev. Margaret Joshua, met Thursday evening in the parsonage and after a business meeting, conducted by Mrs. W. H. Patterson, the evening was spent in embroidering a quilt with the names of the congregation, and in social conversation.

Shelton Class Plans Event

The Shelton Bible Class of the First Christian church entertained Thursday evening at the home of Mrs. M. E. Vaughn on Leasure avenue with Mrs. S. L. Kerr acting as associate hostess.

The usual routine was carried out, and during the business hour, plans were made for a tureen dinner to be held on Thursday evening, May 19 at the church. A full attendance is desired on this occasion. A social time followed when the hours were spent informally, and lunch served.

Wilkison Class Meets

Members of the H. A. Wilkison class of the Highland United Presbyterian church met in the church parlors Thursday evening for the monthly get-together.

Elizabeth Parker presided at the short business session, after which a period of novel and merry making games was conducted by Katherine Dickson.

Miss Thelma Howell and Miss Beulah Ruthrauff served refreshments at the close of the evening.

Plans were put under way for a picnic in May.

Standard Bearers

The Standard Bearers of the First Methodist church met Thursday evening in the home of Dorothy Myers, North Mercer street, with Miss Esther Caven presiding and Mary Nunn conducting the opening.

Plans were made for a "Mystery Mother" Tea, which will be given in the church May 31.

Miss Margaret Wallace gave a report of the Foreign Missionary conference and Mrs. H. W. Dean reviewed the study book chapter.

Miss Myers and her sister, Roberta, served light refreshments.

Missionary Tea.

The Woman's Missionary society of the St. Paul's Lutheran church entertained close to 100 women on Thursday evening in the church, with a program in the church auditorium, when Mrs. G. H. Mitchell, accompanied by Mrs. A. M. Stump, sang and Miss Mary Riffer was the guest speaker. She had an interesting talk on "Missions".

When the program was finished the women were invited down to the dining room where small tables were arranged, with spring flowers and dainty appointments decorating each one. The hostess at each table served her guests with tea, cakes, nuts and candy.

During the interval of informal visiting Miss Donna Jean Bell pleased with a reading and little Viola Dufford, accompanied by "Billy" Glenn, sang. Mrs. Mitchell again pleased with a vocal number.

Auxiliary to Meet.

Members of the Sons of Veterans auxiliary will meet this evening in the city building at 7 o'clock instead of 7:30 as previously announced.

Daughters of America

The Daughters of America will have their regular meeting this evening at 7:30 in the McGoun hall and the business session will be followed by a social session.

Willing Workers Meet

Members of the Willing Workers class of the Second United Presbyterian church, taught by Mrs. C. E. Book, met Thursday evening at the home of Mrs. Lloyd Barnhart, 602 County Line street, with Mrs. C. D. Minnick presiding.

The programs for the year's activities were made out at this time, after which a period of sociability was enjoyed.

Miss Margaret Reeher assisted the hostess in serving refreshments.

True Blue Class Postponement

The meeting planned for the True Blue Class of the Second U. P. church this week, has been postponed until further notice due to the illness of their teacher Mrs. Vera Patton.

Clarence Ferree Appeals For Aid To Be Given Soon

His Condition Of Helplessness Is Becoming More Pronounced All The Time

Clarence Ferree, crippled salesman of newspapers and magazines, at the City Building Corner, is suffering considerably from pain caused by his affliction as well as becoming more helpless every day.

He is anxious for a chance for improvement in his condition, which he believes will come through the baths at Mt. Clemens, Michigan. He needs at least $200. He now has $112.50.

His plea today is "tell the people that I do hope they will find a way to make this trip to Mt. Clemens possible. I want to continue to keep myself. I don't want to be a burden to any person. Life would be of little use to me, if I cannot help myself by making a living and at least getting around in a wheeled chair. Tell them to come to 310 East North street any evening and see how hard it is getting for me to keep going and possibly someone will be able to help me get my chance for improved health."

Plant Many Shade Trees On North Hill Streets

Planting of fine shade trees in the north hill district through the co-operation of Matthew Gunton, the Shade Tree Commission, L. G. Genkinger, superintendent of Parks and Buildings and the city engineering department, undertaken earlier this year, has been completed for the present time, owing to the lateness of the season.

It was planned to plant these fine Elm trees from the Gunton Property along eight streets. But four of the streets were completed at this time but it is hoped to complete the other four in the fall or next spring.

The streets completed are Audley Avenue, Elizabeth street, Northview avenue and Meyer avenue, east of Highland avenue to the city line. The other streets to be completed later are Clenmore Boulevard, Hillcrest avenue, Fairmont avenue and Edgewood avenue, all east of Highland avenue to the city line. Approximately 125 specimens of Elm trees were transplanted this spring. The work was done through the Mayor's Relief Committee.

Matthew Gunton, through whose generosity the trees were secured, stated today that these trees need lots of water under the conditions they were planted. He said that each should have at least a pail of water a day.

He makes a plea that those in front of whose properties, the trees were planted, see that they get the water needed, as a mater of personal and civic pride. He also asks that where the trees are in front of vacant lots, that the neighbors see that these are also watered.

Swick Enters Debate On Pay Rate Of Pilots

Questions Speaker In Order To Bring Out High Physical Test Required

By ARTHUR C. WIMER
Special Washington Correspondent Of The New Castle News

WASHINGTON, D. C., April 22.—Entering the debate on the floor of the house of representatives the first time in many weeks, Representative J. Howard Swick this week questioned Representative Mass of Minnesota to bring out the fact that army and navy air pilots must pass a stringent physical examination.

Mr. Mass was deploring the fact that the appropriations committee had recommended a slash in the pay of pilots when Congressman Swick interrupted.

"I understand that out of the examinations which have occurred, it is only one out of 40 candidates who is physically capable and passes the other tests," Mr. Swick volunteerd. "It is only the cream of the applicants that pass for an aviation pilot."

Representative Mass agreed, and when asked by Swick if the examination for a pilot is not entirely different from other examinations, replied "there is no comparison at all between the two."

As a physician, Swick brought up the high physical and mental qualifications pilots must meet after Mass had argued that because of the type of work done by a pilot, he is entitled to higher pay than the ordinary army officers.

SMEARING OF PORTRAIT ON STAMP IRKS CAROL

(International News Service)

BUDAPEST, April 22.-King Carol of Roumania has let it be known that he considers it disrespectful to blacken his portrait and besmirch his name on postage stamps as they are cancelled in the post offices throughout the country.

The post office at Arad received and posted the following order to clerks in the outgoing mail department.

"Utmost care must hereafter be taken in cancelling postage stamps which bear the portrait and name of King Carol 11. A feeling on veneration and submissiveness in his subjects demands that the cancellation mark should not be smeared over his face. Stamps may be rendered valueless in a more respectful manner."

The order means that post offices will have to junk cancelling machines and resort to hand stencils.

RESULT OF "FLU" SOMETIMES WORSE THAN THE DISEASE ITSELF

Railroad Man Thought He Had Entirely Recovered From Attack Of "Flu," But Examining Doctor Refuses To Permit Him To Return To Work.

"About three months ago," states Mr. Charles Murphy, who is an engineer on the Pennsylvania Railroad, "I had a bad case of 'flu'. I suffered terrible pain with high fever, and aching in all the joints of my body. Of course, I had to give up my run, as I was in bed for nearly four weeks. By that time the fever had gone down, my throat was not sore any more. I was not in pain and I thought I could go back to work.

"According to railroad rules, I had to go to the company's doctor to be examined to see if I was all right again. He went over me very carefully, but I supposed it was just 'red tape' like we have so much of in railroad work. However, when he was through he said that the 'flu' had effected my system, weakened my heart, and impaired my eyesight. He could not let me go back to work. He said for me to go home and come back again after a good rest of, at least, two months.

"I was very discouraged because we have a big family with seven children, and I did not see how I could afford to lose the time. And, from the way the doctor talked, I could not feel right sure that I ever would be really well again. On the way home I stopped at the drug store near our house. The druggist told me to try World's Tonic. He explained that this wonderful new medicine is made from roots and plants gathered in different parts of the world, each in its own right season. He made it clear to me how an Irishman like myself, as well as Americans, often is sick for lack of elements needed by his system, which no ordinary American medicine seems able to supply.

"Evidently World's Tonic supplies me with these missing elements. I noticed a wonderful change in the way I felt, almost with the first dose. World's Tonic gave my system a good thorough cleansing, and then, as I kept on taking it, I began to feel the tonic effects, which came gradually as my body absorbed the much needed elements. At the end of the month I felt so good that I knew it was safe to ask the railroad doctor to re-examine me.

He told me that he was absolutely astonished at the way I had got back my health so soon. The impurities had left my system and my heart was as steady as a clock, my eyesight was as good as ever. I told him that it was World's Tonic which had rebuilt my strength and he said that a great number of other railroad men had told him the same thing. He let me report back for work that same day and I have been on my run regularly ever since. I have not had a bit of heart trouble or any other weakness. Except for World's Tonic I might never have gotten well." World's Tonic is on sale at Eckerd's, McKee's, Paisley's, Smith's and other modern drug stores. (B-78)

BOOSTERS CAN'T DUCK FROM THIS

LOS ANGELES, April 22.—The Los Angeles Chamber of Commerce has discovered to its chagrin that the city's public schools are using geographies which says:

"Los Angeles is a small city, in an arid section, with an artificial harbor and with few shipping activities."

The chamber learned further that "The International Geography" mentioned the name of Los Angeles only once in connection with old Spanish names, and then spelled it "Los Angelos."

"Steps will be taken at once," announced the chamber, which is noted for its enthusiastic boasting of Los Angeles' "wonders."

GRAB BAG

What part of cow's milk is water?

Is cheese ever made from reindeer milk?

Is cream pure fat?

Correctly Speaking—

"Gotten" is obsolescent or dialectic. Say "got". Say "He has got his reward at last." Not "He has gotten his reward at last."

Today's Anniversary.

On this date, in 1775, the Provincial Congress voted to raise 12,000 men.

Today's Horoscope.

Persons born on this day are fearless, busy, dominating and likely to be argumentative.

Answers to Foregoing Questions.

1. More than four-fifths of milk is water and the remainder is milk, sugar, fat and protein.

2. In Norway and Sweden the milk of the reindeer is sometimes used for cheese-making.

3. Cream is not pure milk fat, but contains also some of the other substances in milk.

ECONOMY

IF you wish for a *quicker, easier, less costly* way to clean house, add Climalene for cleaning wherever water is used.

Climalene *instantly* dissolves all grease, dirt and grime. Thus it cuts your working time . . . ½ or more . . . saves ¼ the soap you now use . . . in washing, cleaning and in the dishpan.

Also it *instantly* takes the harshness out of hard water . . . makes it soft and gentle as Rain water and remember . . . soft water means soft, white hands.

It is perfectly soluble in hot or cold water, and so is invaluable in the *kitchen, laundry and bathroom.*

It cuts working time one-half in cleaning floors, tile, linoleums, windows, washing woolen blankets and cleaning silver. The saving in soap more than pays for *Climalene.*

Try it today for *new ease, new economy* in housecleaning. Your grocer has it in the bright, shiny blue box, 12 ounces for 10c, and 32 ounces 25c. The Climalene Company, Canton, Ohio.

10c now buys Bowlene . . . Makes closet bowls sparkling white.

Third Victim Of Mine Disaster Is Reported Found

Rescuers Lose Race With Death In Mine Near Williamstown, Pa.

(International News Service)

WILLIAMSTOWN, Pa., April 22—A dramatic race with death in the underground passages of the Susquehanna collieries mine was lost today when rescue workers reached the lifeless form of the third victim of a mine slide yesterday.

Rescue gangs who worked in relays throughout the night recovered the body of Stanley Semanski this morning. The bodies of Thomas McMullom 65, and Thomas Lettich, 36, were brought from the operation last night.

Salary Reductions Of $125,000 Sought

Judges Asked To Take Cut Along With Other Employees

YOUNGSTOWN, O., April 22.—A demand for salary cuts totalling $125,000 among county employes, including a voluntary 20 per cent reduction in the pay of common pleas judges and all elective officials is contained in the report of the executive committee of the Mahoning County Taxpayers' Protective League.

The report was submitted to the league, after the committee had gone over the expenses of the county administrative units.

The committee urges that the judges refund 20 per cent of their salaries. It asks that county departments which appear to be overmanned, in comparison with other counties, be reduced. The report also recommends that court stenographers, now under salary, be employed as they are in Cuyahoga county, where they are paid by the litigants on a daily basis. It asks that the county officials try to agree on a salary scale for their office staffs which will be comparable to the wages paid by private business.

Offers Woodshed To Curb Youths

Butler Judge Believes Few Old-Time Sessions Would Tame Wild Youths

BUTLER, Pa., April 22.—Judge Thomas W. Watson, of Butler county, believes a few old-time "sessions" in the woodshed would prevent youthful offenders from breaking the laws.

"I am of the opinion that a lot of you young fellows should be taken out in the woodshed and given a good beating," he told Robert Thomas, 23, who admitted passing worthless checks.

"It would do more good than jail," Judge Watson commented from the bench.

Mine Conciliation Board Has Problem

Must Render Decision On Helping Insurgent Strikers In Unauthorized Strike

HAZLETON, Pa., April 22.—An unusually delicate task faces the anthracite conciliation board which meets here Thursday, April 21, to arbitrate disputes resulting from the recent unsuccessful insurgent strike.

Coal companies summarily dismissed insurgent leaders because of activity in the strike movement. Most of the walkout leaders are local union officers and they have appealed their cases to the conciliation board composed of miners' and operators' representatives.

Union leaders had warned the insurgent strikers they would be unable to come to their defense in cases of dismissal because the strike was without official sanction. The discharged workers have demanded hearings on the pleas that their discharges were illegal.

It is generally accepted that operators' representatives will refuse to listen to the pleas of the dismissed miners. The union representatives must decide whether to stand by or to abandon their warning of inability to intercede on behalf of the insurgent strikers.

Await Adjustment On Woods Building

Expect To Have Plans Completed By End Of Week, It is Stated Today

Insurance adjusters are here again today, conferring with representatives of the Woods heirs, in an effort to adjust the loss on the Woods building at the corner of Mill and Washington street, which was badly damaged by fire on the night of April 12.

It is said that a great many complications enter into the matter and the task of arriving at a definite figure is one which is requiring considerable figuring on the part of the adjusters.

A proposal is expected to be presented by the adjusters before the end of the week, however, it was stated today.

City Unions In Conference

Many Reports Of Interest Are Given At The Regional Conference Of W. C. T. U.

The City Unions of the W. C. T. U., had a regional conference in the Central Presbyterian church Thursday, with sessions beginning at 10 a. m. Mrs. Jennie Forquer led the opening devotionals and the music of the morning was conducted by Mrs. M. R. Newberry.

The presidents of the various unions gave short talks, reporting on the conditions of their units and the work being accomplished and at noon the closing prayer was given by Mrs. S. E. McCleary, the oldest and one of the most active members of the W. C. T. U.

At noon the women of Central church served luncheon, after which Miss Margaret Walker, county president, opened the afternoon session, which was in charge of Mrs. E. C. Morrow.

Mrs. J. C. Douthett spoke briefly on the work of the W. C. T. U. in securing better motion pictures, the work being done against the narcotic traffic and spoke of conducting Bible week-day classes.

Miss Margaret Walker, Miss Margaret Peebles, secretary of the county union, and Mrs. J. B. McClaren, treasurer of the county, each spoke on different phases of the work carried on in the county, after which Rev. Margaret Joshua was introduced and she gave a splendid address on "The Four Pillars."

Mrs. Carl S. Hart then spoke on "Our Crisis" and the guest speaker of the afternoon, Mrs. Edith Wagner of Butler, state publicity secretary, talked on the work of the union from the publicity view point.

The afternoon program concluded with a playlet presented by the members of the East Side Union, "Unto the Least of These" with Mrs. J. A. Cox, Mrs. John O'Neill, Mrs. M. Wiles, Mrs. Floyd Moore and Miss Sue Piatt taking parts.

A quartet of colored girls entertained with a number of selections: they were Ella Taylor, Emma Taylor, Edith Bell and Josephine Huff, with Catherine Fitzhugh at the piano.

A resolution was passed regarding the use of tobacco by instructors in the schools and will be presented to the city and county superintendents.

Rev. F. S. Brenneman offered the prayer which brought the conference to a close.

Recreation ought sometimes to be given to the mind, that it may return to you better fitted for thought.

Would Transfer Naval Property

Philadelphia Planning Federation Recommends Release Of Water Frontage

(International News Service)

PHILADELPHIA, April 22—Transfer of the naval mazagine property which occupied 6,000 feet of Philadelphia waterfront, to "some point farther down the river on the New Jersey side," was recommended by the regional planning federation.

The report declared the Philadelphia frontage thus made available could be used more profitably "either for an expansion of the activities of the League Island Navy Yard or for commercial development."

Three general reasons for proposing the trausfer were given by the federation.

1. The property is designed for loading munitions on warships in time of war and is almost useless in peacetime, while the natural expansion of waterfront facilities would make the tract very useful for constructive enterprises in the future.

2. Most of the munitions loaded in war time come from points farther down the river.

3. Storage of such large quantities of explosives near a great center of population constitutes a grave danger.

Reckless Stopper Highway Menace

Driver Who Blocks Traffic Is Regarded As Reckless Stopper

HARRISBURG, Pa., April 22.—If you're a "reckless stopper"—beware! The odds are against you.

This admonition to drivers was given today by the Pennsylvania Motor Federation, state unit of the American Automobile association, on the basis of accident statistics which reveal that more highway crashes are caused by improper stopping than by speeding.

"Recklessness in stopping does not apply merely to the unsignalled halting of an automobile or truck," S. Edward Gable, president of the P. M. F., explained. "The driver who stops or parks in such a way as to impede traffic comes under the 'reckless stopper' classification, and these form a potential menace to all users of the highway."

The federation head called attention of motorists to the revised definition of parking in the state motor code, which provides that "the standing of a vehicle, except police or fire department vehicle or ambulance, whether occupied or not, upon a highway, otherwise than temporarily for the purpose and while actually engaged in loading or unloading or in obedience to traffic regulations, or traffic signs or signals" constitutes parking. "This definition was amended at the 1931 session of the legislature," he said, "to clarify conditions as to parking and stopping on streets and highways throughout the commonwealth."

Fort Necessity Motorist's Mecca

Many Visit Old Colonial Fortress, Rebuilt By Government This Year

(International News Service)

UNIONTOWN, Pa., April 22.—Fort Necessity, in the mountains near here, recently restored by the government in accordance with the original plans of George Washington in colonial days, has become a mecca for motorists and tourists.

Although formal dedication of the historic building will not take place until July 3, hundreds of visitors each week come to pass through the stockades and inspect the cabin, rebuilt as they were in the days of the Revolutionary War.

The mountain fortress is easily reached by improved highways connecting with the National Pike near Uniontown. A large ledger, in which visitors to the fort will be permitted to sign their names, will shortly be placed in the cabin.

Bronze tablets to point out the historical significance of various buildings, bridges, and streams in the vicinity are now being completed.

Says Old Age Is Just "State Of Mind"

College Professor Stills Pursues Effort To Find Place For Aged Ones

(International News Service)

PHILADELPHIA, April 22.—Old age is only a "state of mind" in the opinion of Dr. Lillien J. Martin, 80, professor emeritus of philosophy at Leland-Stanford University.

While most persons at her age have resigned themselves to the vicissitudes of a slowly ebbing existence, Dr. Martin is pursuing a vigorous campaign to "salvage" elderly people and to find for them a place in the business world.

Dr. Martin drove her automobile here most of the way from California. She allowed her chauffeur to remain idle while she demonstrated her theory that "the last of life is the best of life."

Ash Tray Puts Out Cigaret Fire

New Invention Will Save Marred Furniture In Home, Producers Claim

(International News Service)

CHARLEROI, Pa., April 22.—Careless smokers whose penalty has been marred furniture and household effects will find relief in the recent development of a local glass company—an ash tray "that remembers when you forget."

It's a common-looking affair minus any array of attachments and gadgets. The principal is merely a matter of chemistry. It was invented by an Ohio dentist. The tray extinguishes a cigarette when the line of fire moves back to the glass. The heat causes minute particles of moisture to form in the slot holding the butt, this action checking the fire in the cigarette, while the deep-cut slot cuts off oxygen. Thus the cigarette extinguishes itself.

MANY READERS VISIT LIBRARY

Many readers took advantage of the opportunity of visiting the reading room of the Free Public Library during the month of March, according to the records.

There were 3,727 of this class, of whom 2,390 were adults and 1,337 juveniles.

Y CAMPAIGN PASSES GOAL—REPORT TOTAL OF 900 MEMBERS

'Y' Workers Top Membership Goal In Final Effort

Boost 800 Mark To 900 As Three-Day Campaign Ends Victoriously

BOYS' TEAMS WIN MOST MEMBERSHIPS

"Victory" was the cry that echoed thru the halls of the city's Y. M. C. A. last evening when 140 Membership Drive campaigners skyrocketed their three-day subscription total to 900—100 above the 800 mark, the drive's original goal.

With the final crowning point reached, the Y drive for the present year, led by capable chieftains, came to an unauspicious ending. At General Chairman Howard M. ..Kirk's signal the busy workers were simultaneously discharged.

Grateful For Success

General Secretary R. L. Meermans, his voice faltering from the tense feeling of gratitude that overcame him, expressed the deepest appreciation of the Y's board of directors and staff for the successful completion of the canvass. Words cannot express my feelings, he softly concluded.

The three-day drive, backed by 14 teams separated into three divisions, the directors, the young men's and the boys,' commenced Tuesday evening with the instruction dinner.

General Chairman Kirk chose to speed up things last night, so very little except the necessary reports were heard following the delicious dinner. Kirk did take time to thank the divisional hears, Fred L. Rentz, the team captains and every worker. He thanked John W. Owens and Miss Elizabeth Owens for their music contribution and publicly thanked all who in any way played a part in the solicitation effort.

How Victory Came

Then he called for the final reports from divisional chairmen. They called upon each team captain in turn. Victory finally appeared as the reports came in this way:

Directors' division, R. J. Tully, chairman.

1. George Lyon—7-7.
2. W. J. Offutt—12-19.
3. T. H. Hartman—5-16.
4. Homer Drake—22-65.

Division total—153.

Young Men's division, William Connery, chairman.

5. Paul Gilbert—53-39.
6. Bruce Ewing—25-16.
7. Lew Harlan—34-53.
8. Charles Jones—35-57.

Division total—362.

Boys' division, Joe Bara, chairman.

9. George Swisher—6-27.
10. Howard Rumbaugh—19-21.
11. Bill Winters—34-74.

Division total—380.

Boys Lead Scoring

The first figure given is for Wednesday's report dinner while the second is for last night's.

With their total of 380, the boys' division copped honors for the best division. High individual scorers in the drive were Bill Winters, George Swisher while Jim Fox and Bill Trick tied for third place.

The dinners of the campaign were served by a staff of girls, directed by Boys' Work Secretary, W. A. Thomas. Director George E. Lyon pronounced the grace at dinner.

Notable British Visitors

Visiting the United States for a reunion with relatives in Chicago, Gordon Selfridge, London merchant prince, and his daughter, Vicomtesse de Sibour, are shown as they arrived at New York. It will be recalled that the Vicomtesse recently had a narrow escape from death when the plane in which she was touring Africa with her titled husband crashed in the wilds.

Utility Loses From Snow Storm

Damage Done By Storms Recently Will Result In Permanent Improvements

(International News Service)

HAGERSTOWN, Md., April 22.—The Potomac Edison company will spend $265,000 in the Frederick and Hagerstown districts for the permanent rehabilitation of equipment as a result of the damage done by a snowstorm a few weeks ago.

While the present transmission lines were built to withstand the heaviest storms known in this area, reconstruction plans call for provision for safety against a storm twice as severe as the late one.

A survey was made under the direction of George S. Humphrey, vice president in charge of operations and engineering, with the assistance of the engineering staff of the West Penn Electric company.

SAYS COUNTRY NEEDS GOOD BEER

(International News Service)

ALLENTOWN, Pa., April 22.—What this country needs is a good glass of five-cent beer, Attorney Lawrence H. Rupp declared here recently in a speech before 300 men and women of the Jacksonian Democratic club.

Rupp is campaigning for the Democratic nomination for U. S. Senator. He said he favored a wet plank in the Democratic national platform.

New Jersey Grants Auto Reciprocity

Pennsylvania Business Firms Need Not Take Out New Jersey License Now

(International News Service)

PHILADELPHIA, April 22.—Business men here have expressed gratification over the action of Gov. A. Harry Moore, of New Jersey, in approving the bill passed by the legislature granting full reciprocity to operators of motor vehicles from states which grant similar privileges to New Jersey drivers.

Previously, the length of time which an out-of-state motorist could operate a vehicle in New Jersey without obtaining a license from that state was limited.

Many motor clubs had urged passage of the bill which will relieve Pennsylvania business houses of the necessity of purchasing New Jersey licenses for trucks used in delivery service to and from that state.

Women now control half of the nation's wealth, which shows their ability to outlive rich husbands.

Soviets Send Doctors To East

Report 200 Russian Doctors Sent By Soviets To Siberian Border

(International News Service)

BERLIN, April 22.—The Soviet government has dispatched large numbers of physicians to the far east recently to be "ready for any eventuality," it was stated in reliable advices from Moscow received here today.

One physicians told the informant of International News Service that at least 200 doctors from the Rostov district alone had been approached by Soviet officials to proceed to Siberia.

MOTORISTS INVITED TO CHECK WHEEL ALIGNMENT AT LAWRENCE AUTO CO.

If you have noticed any particular difficulty in steering, if your tires are wearing more rapidly than usual, or if you aren't getting the gas mileage you should, better check your wheel alignment.

Few car owners realize how important a part wheel alignment plays in the ease, economy and actual safety of motor car operation.

Front wheels which are excessively toed-in (closer together in front than in rear) or toed-out (closer together in rear than in front) cause the tires to be dragged sideways a portion of their travel, which affects steering and causes excessive tire wear and waste of power.

To enable motorists to make their own check of wheel alignment, the Lawrence Automobile Co. has recently installed the new Weaver Wheel Alignment Indicator. By merely driving over the machine slowly, the motorist can see on the large dial how many feet his tires are being dragged sideways on account of toe-in or toe-out. If the wheels are so badly out of line as to need immediate correction, his attention is called to this fact by a bell on the Indicator. Car owners are urged to make use of this service, which is free, as often as they may care to. It takes but a moment and may save money and trouble later.

Wheel Alignment is only one of a number of safety factors which the Lawrence Automobile Co. is checking in their new Safety Lane, just installed for the safety and convenience of local motorists. Brakes and headlights are also checked with the latest equipment scientifically designed for the purpose and motorists are invited to have a complete test of their cars made.

Pennsylvania D. A. R. Women Lead Nation

Show Way To Other State Chapters In Work Accomplished Last Year

HAVE NO PEER IN RESEARCH WORK

By ARTHUR C. WIMER
Special Washington Correspondent Of The New Castle News

WASHINGTON, D. C., April 22.—Pennsylvania Daughters of the American Revolution during the year ended March 1 paid the sum of $3,769.75 into the fund for Constitution Hall, the sumptuous new home of the D. A. R. here.

This report was made last evening to the 41st Continental Congress of the D. A. R., by Mrs. Joseph M. Caley of Philadelphia, Pennsylvania state regent. Mrs. Caley cited these figures in her annual report.

Pennsylvania has the proud privilege of heading the list of states in the distribution of manuals, and in Genealogical Research she has no peer," Mrs. Caley reported. "For the year ending March 1, 1932, the sum of $3,769.75 has been paid in for Constitution Hall."

Mrs. Caley said that among the presentations to the national organization by the Pennsylvania Daughters last year was a ring in which a lock of George Washington's hair was mounted. Only four other rings of the same kind are known.

Have One Real Daughter

"Pennsylvania has one Real Daughter to call her own," Mrs. Caley continued. "Mrs. Ann Knight Gregory, member of the Conrad Weiser Chapter, still takes an interest in the work, though she is no longer able to give active attention to details."

Mrs. Caley said that Pennsylvania Daughters have registered 70,996 memorial trees as planted. During the year, 7,446 codes were distributed. Flags to the number of 830 were presented to Boy and Girl Scout Troops, and small flags were placed on the graves of Revolutionary Soldiers on Memorial Day, the expenditure being $1,162.45.

During the year, Pennsylvania Daughters contributed boxes and money totaling $1,325.77 to the Ellis Island work of the national organization. Twenty-eight interesting papers on historical and colonial subjects were received by the state chairman and were forwarded to the national chairman. An effort is being made to have historic sites, local buildings and local celebrities chosen with particular attention given to those heretofore neglected.

"The official record on March 1, 1932, placed Pennsylvania at the top of the column in manuals for immigrants, with six thousand manuals above all others," Mrs. Caley declared. This is a proud achievement and has meant unflagging work by the state chairman who has on her files carbon copies of letters showing 82,975 manuals ordered.

"What has been accomplished, Pennsylvania may well be proud of, for it has come through the perfection of able organization by state regents and enthusiastic work of interested members. It has been said that years may wrinkle the face but loss of enthusiasm wrinkles the soul. The soul of our beloved society shows none of the withering signs of years."

Bodies To Help Medical Study At World's Fair

Life Sized, Transparent Models Of Men To Be Shown

CHICAGO April 22—With all the fascination of a movie thriller, the story of a century of progress in medicine will be told at the World's Fair of 1933.

Transparent models of the human body, as well as the amulets and charms of the early Illinois Indians, will be used to depict medical hisory.

A life-size transparent model of a man will be sent here from the Deutsches Hygiene Museum of Dresden. The following description of it was given in the magazine, "Commerce":

"By the pressing of electric buttons or the turning of levers, one may study the circulation of the blood, the action of the heart valves, the pulse under various conditions, movements of the diaphragm, and the range of motion of the major joints of the body.

"It is also possible to observe the peristaltic waves of the stomach, the path of a nerve impulse in the knee jerk, the various types of vocal chords that produce soprano, alto and bass voices, the action of the lungs, production of sight and hearing, and many other activities."

There will be no "Hands Off" anatomical action. As is customary in German museums, vistors will be permitted to operate the mechanism to their hearts' content.

Leading medical institutes of the world are collaborating in the selection of exhibits for the fair. Among those cooperating are the Pasteur Institute of Paris, the Robert Koch Institute of Berlin, and the Wellcome Museum of Medical Science of London.

Sample Ballots Are Being Distributed

Contain Around Fifty Names Of Candidates Who Are Out For Office

Sample ballots for the coming primary on April 26 have been printed and are now being distributed. They show the principal offices to be filled are, United States senator, state treasurer, auditor general, judge of supreme court, judge of superior court, delegates at large to national convention, alternate delegates at large, senator in the general assembly, representative in the general assembly, delegates to the national convention, alternates to the national convention, member of state committee and members of county committee.

While there are nearly fifty names of candidates on the tickets, there appears to be very little interest in the election. In the cases of candidates for state offices, much of the voting is likely to be of a hap-hazard character, with few voters having anything like an adequate knowledge of the candidates, their alignment under the supposed bosses, or the principles for which they stand.

Continue Camp At Mount Gretna

National Guard Will Use Same Old Camping Grounds During Coming Summer

Mount Gretna will continue to be the camping spot for Troop F, and other units of the National Guard of Pennsylvania, it has been learned here from official sources.

Inability to complete purchase of land by the Department of Military Affairs has resulted in continuation of Mt. Gretna military reservation instead of following the original plan to have the camp at the new reservation at Indiantown Gap.

The 1931 legislature appropriated $53,000 for land purchased on the proposed reservation, 20 miles north of Mt. Gretna. More than 1,000 of the 1,500 acres of the site have now been purchased.

SOUTH SIDE LEADS LIBRARY BRANCHES

South Side led the branches of the Free Public Library in book circulation during the month. They had a circulation of 6,766 books.

Circulation at the East Side branch was 5,889; Mahongingtown, 4,157; New Castle hospital, 395; Jameson Memorial hospital, 277.

Of course you know why the Powers frown on land grabbing. Every man wants property protected after he gets it.

VIENNA CRIME LOW

(International News Service)

VIENNA.—Despite the post-war poverty of Vienna and her reputation for being an immoral metropolis, Vienna is the best-behaved city in Austria. The percentage of criminals sentenced in this city with almost 2 million inhabitants, is considerably smaller than that of any other Austrian city. The average number of persons annually convicted by Austrian courts is 14,000.

Delegates to national conventions represent the people—well, anyway, the people who finance the primary.

Life Saving Hero Retired At 74, 41 Years In Service

Was Holder Of Many Medals For Saving Lives At Sea

(International News Service)

WASHINGTON, Apr. 22.—Captain W. G. Lee, after 41 years as inspector of hulls for the Commerce Department's Steamboat Inspection Service at Savannah, Ga., has been retired at the age of 74. He was a holder of many medals for saving lives at sea, including the Congressional Medal of Honor, which was awarded him in 1893.

Records show that Captain Lee rescued four persons in 1878 by leaping overboard from a steamer and bringing them, one by one, to the steamer's side. The last of the four sank a moment before Captain Lee reached his side and he had to dive under the surface to effect the rescue.

In 1880, Captain Lee received a bold medal for rescuing two children who fell overboard from the steamer H. B. Plant, and three years later he was awarded another gold medal for saving three of four persons who were endangered as a boat capsized. It is said that he would have saved the fourth person, but Captain Lee was knocked unconscious by a chair thrown into the water.

Captain Lee's experience saving lives was not confined to humans A mule hitched to a wagon, backed off a Savannah pier. Captain Lee dived into the water and at a depth estimated at 25 feet unhitched the mule then completed the rescue by swimming to a point where it could be helped from the water.

Erie Teachers To Cut Own Salaries

Teachers Offer Voluntary Ten Per Cent Wage Cuts

(International News Service)

ERIE, Pa., April 22—Approximately $140,000 will be added to the school district coffers this year, following an announcement today to the school board by teachers to accept a voluntary ten per cent cut in salary.

This followed the school board's announcement to close all the schools unless finances were increased to maintain the schools.

Building Program Plan Is Advanced

WASHINGTON, April 22—A two year construction program backed by a bond issue of $500,000,000 or $1,000,000,000 to relieve unemployment and particularly distressed world war veterans, was proposed today by Rep. Fish (R) of New York, before the House Ways and Means committee considering measures for cash payment of the veterans' bonus. Fish charged both congress and the committee has shown a lack of leadership and courage in trying to improve conditions.

Many New Forest Fires Reported

(International News Service)

HARRISBURG, April 22.—District foresters today reported 45 new forest fires in the state. Headquarters here at noon had received reports from only about half of the wardens. On that basis, it was estimated that perhaps 100 forest fires are burning.

Eighty-seven fires have been brought under control in the last three days with little damage reported.

Approximately 4,000,000 pounds of wool will be sheared in Indiana this year.

Total of 12,600 passengers used the Columbus, O. municipal airport in 1931.

Losing Winner

As the first American to cross the finish line in the 26-mile Boston A. A. Marathon, Jimmie Henigan automatically won first place on the United States Olympic team. Henigan finished second to Paul de Bruyn, young German immigrant. The American is shown as he finished the grueling race.

Shot Heard Around the World

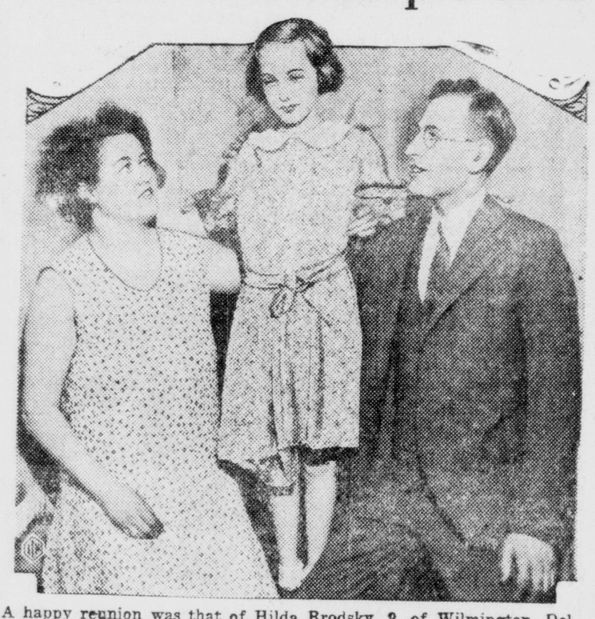

Though the famous shot from Concord Bridge that started the American Revolution was not heard around the world, except in poetry, this one was. It was fired by Governor Joseph Ely, of Massachusetts from a musket that was actually used in the battle of Concord. The Governor fired the shot to commemorate the 157th anniversary of the historic fight before the microphone in General Electric short wave radio station in Schenectady, N. Y. The report went around the world via Holland, Java, Australia and back to the station in one-eighth of a second.

Exhibits in "Honor Slaying"

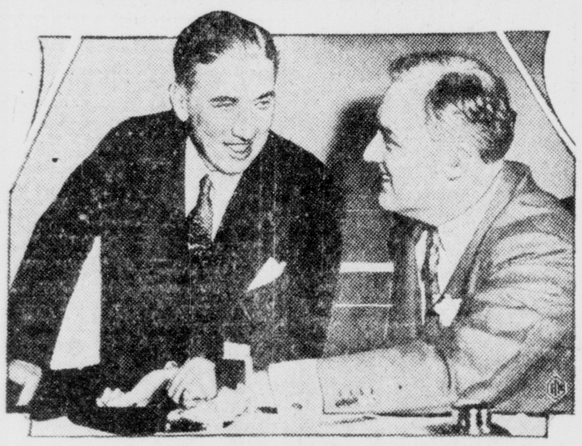

Holding the pistol with which he believes the fatal shot in the famous "honor-slaying" case was fired, John C. Kelley, Honolulu prosecutor, is pictured in court. On the table before him are other exhibits which Kelley charges were used by Lieut. Thomas Massie, Mrs. Grace Fortescue and two U. S. sailors in the killing of Joseph Kahahawai, Hawaiian youth, in retribution for a brutal attack on Mrs. Thalia Massie. Inset is Lieut. Massie, whose sensational evidence on the stand thrilled the court.

Reunion with Kidnaped Child

A happy reunion was that of Hilda Brodsky, 9, of Wilmington, Del., and her parents, Mr. and Mrs. Henry Brodsky, after the girl had been returned to her home following her abandonment by kidnapers in Philadelphia. The girl had been held for $50,000 ransom, but, for some reason, her abductors changed their plans and abandoned her at the home of Father Pugliese, a Philadelphia priest. She was hysterical when found, but soon recovered in the arms of her parents.

Gubernatorial Tete-a-Tete

It would be interesting to know what Governor Franklin D. Roosevelt of New York was saying to Governor Floyd Olson of Minnesota when this picture was made. The State's Executives were photographed in Governor Roosevelt's hotel at St. Paul, Minn., prior to his campaign speech at the Jefferson Day dinner. In his speech, Governor Roosevelt answered the charges made by Alfred E. Smith at Washington, D. C., recently.

LYNN, Mass.,—For years, Charles Seman, 65, veteran street department employe, handled gravel. He never once dreamed gravel would cause his death. But a lump of frozen gravel fell on his head and killed him.

Never mind. Highways will be worn out before the bonds are paid and then the railroads won't look so obsolete.

Dr. Clendening Tells Why Good, Clean Milk Is Elixir Of Youth

Physician Explains How Secrets Of Pure Food Are Blessings Of Civilization That Ages Will Keep

By LOGAN CLENDENING, M. D.

"When man made friends with the cow the first steps in the science of human nutrition began." (Crumbine & Tobey.)

Whatever the depression does to civilization there are certain things that man has accompished, secrets wrung from nature, that future ages will not willingly let die. Many of these are so commonplace and familiar to us that we are likely to forget them in counting over the roster of our blessings. One such is milk.

The quality and quantity of the milk we use is a fairly recent development. As late as 1850 the American cattle were below the British standard and little interest was displayed by dairy farmers in making improvements. A mature cow weiged 700 and 900 pounds.

A London judge, Colquohoun, in the early part of the nineteenth century, made a survey of the milk supply of London. He found that there was a consumption of a tenth of a pint of milk a day per person, on the average. Today that has risen to a pint a day. On the authority of the police, Judge Colquohoun says that in those days every cowshed had a pump, that the milk was disgracefulfully watered and the sheds intolerably filthy.

Up to the end of the eighteenth century milk cattle were small, scraggy animals, giving a scanty supply of milk. It was one of the great neglected geniuses of the human race, Robt. Bakewell, who produced by scientific breeding the first of the fine milk cattle of today.

Improvements in transportation, refrigeration, sanitary inspection of dairies, and concentration of milk have aided in making wholesome, clean, cheap milk available to all.

For nutritive qualities milk is the complete and perfect food. Designed by nature for growing animals it contains all the nutritive qualities nearly all the vitamins and minerals necessary for bodily health and development.

But it is valuable not only for children. Indeed the dream of the elixir of life is realized in milk as much as in anything we know. The pastoral peoples of the world, "witnout exception," according to Dr. E. V. McCollum of Johns Hopkins university—those who have possession of many dairy animals and whose diet has consisted largely of the products of these animals—have always displayed the greatest physical prowess, the finest health and the longest span of life.

"The fountain of youth" according to a well known public health authority, "is filled with good clean milk."

QUESTIONS FROM READERS

O. H., "I am taking electric needle treatments for the removal of superflous hair. Is zinc oxide ointment harmful to put on the places where the needle has been used?"

Answer: Usually it is not necessary to treat the skin in any way after the use of the electric needle. If irritation occurs, however, zinc oxide ointment is quite harmless and, in fact, beneficial.

S. P. N., "Is olive oil a good hair food?"

Answer: In the sense that the hair utilizes oils rubbed into the scalp for nutrition of the hair, there is no such thing as a skin food. If the scalp is execessively dry, oilve oil may be used beneficially, as may also castor oil—two parts mixed with alcohol one part.

LOCAL GROCERS DISPLAYING NEW SHREDDED BISCUIT

Kellogg's WHOLE WHEAT Biscuit One of Most Improved Foods Introduced in Recent Years

Kellogg's WHOLE WHEAT Biscuits offer many new and outstanding features which appeal to the housewife. For one thing, the biscuits are toasted a golden brown on both top and bottom—not just one side. That seems to double the crispness.

The new Kellogg biscuit is also baked in a more convenient, economical size. Two biscuits just fit the cereal bowl—and you get 15 to the package instead of a dozen.

Mothers will especially be interested in the fact that every package is certified for food value by the Medical Arts Laboratory of Philadelphia. These new biscuits are considered a splendid food for both adults and children. With hot or cold milk or cream, they supply a healthful variety of vitamins, minerals, proteins and carbohydrates.

In baking these improved biscuits, the Kellogg Company uses a special process of "pressure-cooking" which retains all the food value of the whole wheat and makes it very easy to digest. At the same time it develops a tempting, delicious flavor.

These improved biscuits can be identified by the name, Kellogg's, and the familiar red-and-green package. Made by Kellogg in Battle Creek.

FIRE DAMAGES HOME

Fire of undetermined origin broke out in the home of Mr. and Mrs. John Porkovitch Tuesday morning at 4 a. m., causing considerable damage. Previously at 1 a. m., a fire was discovered and extinguished and the family returned to bed. At 4 a. m., they were awakened by another blaze. The alarm was given and volunteer firemen fought and extinguished the flame after it had done approximately $150 damage which was partly covered by insurance.

LOOKING BACK

IN NEW CASTLE

The debate that is to be held tonight at the high school auditorium with ministers and lawyers taking the leading part in the discussion of the topic "Why Should the Nineteenth Amendment Remain a Permanent Part of the Constitution?" recalls to the minds of many people those debates of this character which occurred yearly for many years, some 25 to 30 years ago. These debates were always on some live topic of the time and the people flocked to the various places where they were held, usually in churches, because of the fact that the ministers were always on one side of the debate and the lawyers of those days liked nothing better than to join in repartee with the ministers on the ministers own stamping ground. The memory of these debates recalls some of the mightiest speakers that ever resided here, giants in things religious and things legal and it was an education to hear them in action. It is believed that the same may be said of the debate tonight when outstanding ministers and lawyers will meet in the high school auditorium.

TWENTY SEVERE QUAKES FELT IN U. S. IN 1930

(International News Service)

WASHINGTON, April 22—There were 20 earthquakes of some importance in the United States in 1930, according to the publication, "United States Earthquakes, 1930," made public recently by the Commerce Department's Coast and Geodetic Survey. Of this number, one occurred in Louisiana. It was the first time that other than very slight shocks had been felt in that state.

Three of the earthquakes did some damage to old buildings in Nevada and California. The more typical shocks occurred in the desert east of San Bernardino and in the region of Lake Tahoe. Two shocks did some damage to buildings in the Cape Mendocino region.

The total number of earthquakes felt in the United States proper, not including those felt over a very small area, was 137, or an average of one every third day.

"Moses was the first public health officer and the rules he gave the Children of Israel have never been bettered," declared Dr. W. C. Harvey, medical officer.

SAYS PUPILS STUDY TOO MANY SUBJECTS

(International News Service)

AMHERST, Mass., April 22 — Finding a way out of the present confusion is the big problem facing educators in the elementary school field, according to professor James F. Hosic of Columbia University.

"The elementary school is by and large the shadow of the personality of the principal, "Professor Hosic told the Fourth annual visors and leaders in the elementary schools of the state.

"This confusion," he said, "is caused by an over-abundance of progressive ideas and ideals and of trying to present to the pupil an average of 14 or 16 subjects of study in the average school week.

"The big problem of the principal is to interest his own philosophy of school over which he presides and to incorporate that his superiors and also that of the public whose servant he is.

Hospital Aide Society

On May 1 the Jameson Memorial Hospital Aide society will launch a week's campaign for new members. This Aide society which has so materially helped in the maintenance of a great hospital, needs the support of the community. That support can be best demonstrated by taking out memberships. Memberships can be secured for one dollar or as much more as the donor can give.

In the care of patients of moderate means, the Jameson Memorial hospital is serving the community. It is not fitting its service to the average pocketbook but it is adjusting its tariffs to that pocketbook. Care of the patient through expense of effort and materials and employment of modern equipment is not stinted. The watchword of the hospital is the food of the patient—not the size of the pocketbook. By actual number more than half the patients cared for in the hospital pay less than cost of their care.

Here the Jameson Hospital Aide society has stepped in, donated time and money, and as a result the hospital has been able to receive all linen supplies without cost. Many thousand articles are given to the hospital by these women each year. The society membership fees pay for the cost of materials.

POSTMAN TRAVELS OVER 200,000 MILES

HOPE, R. I., April 22,—In 25 years as a mail carrier over a route 27 miles in length, Everett L. Leach has travelled a distance equal to more than eight times around the world.

Through the rains of autumn the shine of summer, the snow of winter and the mud of spring, Leach has travelled his route every day except Sunday with a few days off. When he started his service for Uncle Sam, August 1, 1907, he used a horse and covered wagon. In 1913 he secured a "flivver" touring car. Now he has a sedan of heavier make. During all that time he has had no serious accidents and has never been held up.

Leach figured that the total mileage of his daily trips totals well over 200,000 miles.

Worrying about—

Blood Pressure?

At the first sign of danger, take a laxative. Cut down on alcohol, coffee and tobacco. Eat lightly for several days. Take a tablespoonful of mentha pepsin before meals to make digestion as easy as possible. Keep quiet until your stomach is settled and the dizzy spells have passed.

Have your physician check your blood pressure at frequent intervals. Continue to protect yourself by taking mentha pepsin before every meal. (You can get Dare's Mentha Pepsin from Eckerd's Cut Rate.) Avoid heavy food and too heavy meals—especially at night.

Do this faithfully and the chances are that you will prevent—or at least postpone—the danger of a stroke.

Ordinary transmission and differential lubricants become stiff and non-flowing in cold weather—and engine oils, too, often become sluggish and thick. Have us relubricate NOW and escape hard shifting, burnt engine bearings.

Eleven Harvard Students Jailed For Disturbance

Four Other Persons Also Arrested As Aftermath Of Serious Rioting

HUNT FOR BELL CLAPPER, CAUSE

(International News Service)

CAMBRIDGE, Mass., April 22.—Eleven Harvard students and four other persons were under arrest today following one of the wildest student demonstrations in the history of the university, which threw the Harvard square section into an uproar for more than six hours. More than 2,000 Harvard undergraduates and others participated in the demonstration.

The riot was precipitated when a group of freshmen found the bell clapper which had been stolen two weeks ago from the tower of Memorial hall, and then lost it again.

A large group invaded Radcliffe college dormitories in a search for the bell clapper, driving the girl students, many of them in nightclothing, from their rooms.

Policeman Hurt.

Three riot calls were sent in by police, as the students fought them, firemen and citizens, and then attacked the battle square police station in an effort to free those arrested.

One policeman was seriously injured during the demonstration. He was Special Officer Joseph H. Breen, who suffered serious eye injuries when a tear gas bomb, being used in an attempt to quell the riot, exploded in his face.

PORTERSVILLE STATION

Catherine and LeRoy Miller were Butler callers one day recently.

John Cornelius, a teacher of East New Castle school, spent the weekend with his parents, Mr. and Mrs. S. R. Cornelius.

Mr. and Mrs. Wm. McDanel and children Madiline and Leverne visited Alma Miller and Anna Graham in the New Castle hospital Sunday afternoon.

Miss Alma Miller was admitted to the New Castle hospital.

VILLAGE HAS RECORD FOR LONGEST LIVES

(International News Service)

TURIN, April 22.—Cellio, a small village in Valsesia, part of the Piedmont Alps, carries the record for longevity. Five men and women will observe their 100th birthday within a few weeks, and 33 were 90 years old at Easter time.

Cellio is bitterly cold in winter, and never hot in summer. The inhabitants earn their meagre living by keeping cows, making cheese and doing woodmen's work when it comes their way. Sometimes they emigrate across the nearby frontier into France, but return in summer, and work in country districts of the Upper Savoy.

Their homes are small, dark and very cold. They seldom eat meat, and their bread is coarse. They live chiefly on corn meal, cheese and goats' milk.

Being very poor, they often pass their whole lives without visiting Turin, the nearest big city. Most of them have never seen a movie or heard the radio.

GOVERNOR'S WIFE STUDIES

DETROIT, Mich.—Mrs. Wilber M. Brucker, wife of Michigan's governor, has plenty to do accompanying her husband to many of his meetings over the state, but she still finds time to study. In June she is to receive her master's degree from Michigan State college. Mrs. Brucker is majoring in political science.

TYPEWRITERS NOISIER THAN STREET CLATTER, SCIENCE TEST FINDS

(International News Service)

BERLIN, April 22.—An "anti-noise committee" has been formed by German scientists to put the fight against the nerve-wrecking noise of modern life on a scientific basis.

Headed by Prof. D. K. Wagner, of the famous Heinrich-Hertz Institute for Wave Research, here, the committee has accurate measurings of noise caused by traffic during rush hours, typewriters in offices, electric household apparatus, etc., taken in every part of the city.

These experiments gave the startling results that the exhaust noise caused by motorcycles unfitted with silencers, a favorite toy of Berlin youngsters, is even greater than the roar of all the lions contained in the Berlin Zoological Garden together and that the noise on Potsdamer Platz, Berlin's biggest thoroughfare, with automobile horns and street car gongs ringing, is no more annoying than the noise in the Auditing Department of the Berlin Central Post Office, where hundreds of typewriters and adding machines are going.

The "Anti-noise Committee" will, on the basis of the figures obtained, work out practical proposals on how to avoid and reduce excessive noise.

DISPLAY SHAY IN MUSEUM

BOSTON, April 15—The "one-hoss shay" of which the poet Oliver Wendell Holmes wrote in "The Deacon's Masterpiece," is preserved in the travel room of the Museum of Natural History and Art. The poet's reference to it began with the lines:

"Have you heard of the wonderful one-hoss shay,
That was built in such a logical way
It ran a hundred years to the day?"

Immortalizing "Our Mary"

Starring in a new picture, this time a portrait study by Mrs. Natalie Johnson van Vleck, New York society matron who is rapidly making a name for herself in the realm of art, Mary Pickford is shown as she posed for the finishing touches to the canvas. Though Mary's ringlets which figured largely in her winning the title of "America's Sweetheart," are no more she still retains the warmest corner in the hearts of her public.

X-RAY PIONEER, 75, MARTYR TO SCIENCE

(International News Service)

WALTHAM, Mass., April 22.—Dr. John A. Gay, pioneer in X-Ray research, has paid with his life for his early experiments.

Seven years ago two fingers of his right hand became infected. When the wounds would not heal it was necessary to amputate the arm at the elbow.

Apparently recovering, Dr. Gay resumed practice and eventually came to drive an automobile. A short time ago, however, a recurrence of his old trouble forced him to his bed, and he never arose.

Dr. Gay was born in Bangor, Me., seventy-five years ago. After graduating from Dartmouth College medical school, he practiced in several communities in Vermont and Bethel, Conn., before coming to Massachusetts twenty years ago. He is survived by his widow and one son.

SPUR SOFTBALL RACE

Mushball victors at the George Washington Junior high school for the first few weeks of play were announced at the school by R. F. Holt, faculty supervisor today.

The Giants lead the Seventh grade National league; the Athletics lead the Eighth grade American league, while in the Pacific league, composed entirely of Ninth graders, the Seals aggregation scores highest.

GET BASEBALL CALL

Thirty to forty George Washington Junior high school boys turned out for the first baseball practice of the spring sounded by J. W. Anderson, faculty member, last week. Colonial field is being used by the teams.

Delegates To Conventions Receive No Compensation

An impression seems to have gained headway in some circles that delegates to the National Conventions and alternates, who are to be selected at the primaries on next Tuesday receive compensation for attending the conventions.

This idea is entirely wrong. No delegate or alternate receives any compensation and they are obliged to pay all of their own expenses in attending.

In the congressional district, in which delegates are named, it is the custom to honor the counties which do not have the congressman at the time, with the selection of delegates and alternates. In the Beaver, Lawrence, Butler district, under this custom, Butler and Lawrence counties would be entitled to the delegates and alternates as the congressman at the present time, is a Beaver county resident.

'GATOR VARIED MEAT MENU WITH GOLD FISH

TURLOCK, Cal., April 22.—Jack Osborn, of Turlock, thought ground meat was the only thing a young alligator would eat. He knows better now.

Receiving the saurian from a friend in Florida, he put it in his fish pond, where he kept several gold fish.

When he checked up on the pond recently, he found only two fish left.

The apples you get now seem stale. And this is also true of the sauce.

BUSINESS COLLEGE

It is reported that the educated, as a class in normal times, receive on an average $550 per year more than those who are not educated. A business education may be obtained from our school. With it young people can secure employment. Now is a good time to enter a business school because you will be well trained when the depression is over. It will surely pay you dividends that cannot be lost, stolen, or given away.

HORSE MEETING

C. A. Burge of State College will speak on "Draft Horse Management" at a meeting in the Y. M. C. A. building, New Castle, Thursday April 28th at 8:00 p. m.

All men interested in horse production are invited to attend this meeting. Mr. Burge will use slides to illustrate some of the points brought out in his discussion.

CHICKS NEED PROPER WARMTH FOR COMFORT

Take a flashlight and make a night check-up in the brooder house. The temperature is correct, if the chicks are in a contented circle around the edge of the hover.

Keeping a proper temperature, through the use of a thermometer, helps to prevent some piling up on chicks. The thermometer usually is hung at the outside edge of the hover and about two inches above the litter. The chicks are comfortable when the temperature is about as follows: 95 to 100 degrees the first week, 90 to 95 degrees the second week, 85 to 90 degrees the third week, and gradually lower until no heat is needed. The brooder stove however, should be left in the house for some time after the heat is discontinued for possible use during a cold snap.

A chick guard of eight 1-foot boards may be used around the edge of the hover. Two of the boards may be hinged together. This guard will teach the chicks to return to the brooder stove for warmth. After 2 or 3 days the guard may be made larger and finally taken from the house.

Some flockowners prefer a chick guard of half-inch mesh hardware cloth. This type allows part of the surplus heat to escape into the house in case the stove overheats. If there is danger of floor drafts, feed sacks may be hung over the hardware cloth guard.

PREPARE FOAL WELL FOR WEANING EVENT

When to wean the foal depends on the circumstances. Usually it is done when the youngster is 4½ to 6 months old.

Weaning is more a matter of preparation than the removal of the foal from the dam, and the ease of the weaning process depends on the thoroughness of the preparation. If the foal has been fed increasing quantities of grain as it developed, the weaning process will not be difficult, for the quantity of milk consumed will have been gradually decreased. Complete separation then will cause little if any setback to either the dam or foal.

In parting mare and foal, keep them well separated, or all must be done over again. Weanlings should be placed in quarters where they will not injure themselves while fretting for their mothers.

PLANT EARLY GARDEN AS SOON AS POSSIBLE

Garden time is here again and the smell of newly turned soil is in the air. Early seedings of the harder vegetables now can be made.

Deep and thorough working of the soil preparatory to planting or seeding is very important in growing any garden crop. Garden soils should be thoroughly turned or spaded, followed by consecutive rakings before the soil dries, until the seedbed is very fine.

Spinach and lettuce may be sown as soon as the soil dries sufficiently for raking. Sow one ounce of spinach and one-half ounce of lettuce to 100 feet of row. Cover the seed about one-fourth to one-half inch deep and space the rows from one foot to one and one-half feet apart. When the plants are several inches high thin them to approximately one inch apart and use the thinnings. Later, thin the plants again to two inches and finally to four inches.

Onion sets may be planted as soon as the soil can be prepared. Press them into the soil so that they are covered or make a shallow trench one inch deep, set them in this, and cover lightly with soil. For use as early green onions they may be spaced one and one-half inches apart, but if allowed to mature 3 or 4-inch spacing is better.

Early peas also may be sown as early as the soil can be prepared. They may be planted in single rows two feet apart or in double rows 6 or 8 inches apart. Peas are sown thickly and are not thinned, the stalks being spaced about one inch apart. A covering of one and one-half inches is sufficient for early sowings, but later seedings should be covered a little deeper. Dwarf wrinkled varieties are best.

Well-grown plants of cabbage and kohl rabi which have been hardened to outdoor conditions may be planted as early as the soil is ready, but cauliflower plants are more tender and should be held 10 days to 2 weeks longer before being set in the garden. Cabbage and cauliflower can be planted 18 to 20 inches apart in rows two feet apart. Eight inches apart in the row is sufficient for kohl rabi. Where very little soil is attached to the roots, a cup of water should be applied to each plant when partly set, and loose soil placed around the plant.

Beets, carrots, radishes, and early turnips can be grouped for convenience since they require about the same handling. Sow the seed in rows rather thickly, and later thin to 3 or 4 inches in the row, except radishes which may be left thicker. The rows should be 15 to 18 inches apart. Carrot seed should be covered not more than one-fourth inch while the others will stand slightly more covering.

TREES NEED NITROGEN APPLICATION AT ONCE

Nitrogen fertilizer in the form of sulphate of ammonia or nitrate of soda should be applied to the orchard at once.

Rates of application vary with the cultural methods used. A full-grown apple tree growing in sod requires about 10 pounds of nitrate of soda or 9 pounds of sulphate of ammonia. Trees of younger ages, smaller sizes, and different vigor must be fertilized according to their needs. Mature trees under clean cultivation require about 6 pounds of nitrate of soda or 5 pounds of sulphate of ammonia each.

Peach trees require from 3 to 5 pounds of these nitrogenous fertilizers, depending on the kind of fertilizer, age of trees, cultural methods employed, and other factors.

Prompt fertilization at this time is essential, because practically half of the season's supply of plant food material is needed by the tree during the 2-week period when the tree comes into leaf and blossom. It is imperative, therefore, that the fertility be in a soluble state in the soil around the tree so that the roots can take it up as needed. Sulphate of ammonia, being slower in action than nitrate of soda, should be applied at least three weeks before blooming. Nitrate of soda should be put on at least two weeks before blooming.

Scattering or broadcasting the fertilizer evenly around the tree a foot or so beyond the area covered by the limbs and to within 2 or 3 feet of the trunk is the best method of application. The first good rain will carry the fertilizer down to the roots.

Grass in sod orchards frequently becomes so well established that much of the fertilizer applied is absorbed by the grass roots before the tree roots have an opportunity to take up the food material. For this reason, the orchards should be given clean cultivation every 3 or 4 years to prevent the grasses from becoming to well established. This will aid the trees in their competition for food.

It is advisable, however, to reseed the orchard to some perennial legume and to maintain it as a cover crop until it is time to bread up the sod again. In orchards where alfalfa can be grown advantageously this legume is easily the best cover crop. Sweet clover, common red clover, and other legumes also are good. In nearly all cases legumes are preferred but any cover crop is better than none. Where legumes are used care must be taken in regard to satisfying the lime requirement.

EAT MORE VEGETABLES TO PROMOTE HEALTH

An excellent home manager is the woman who is still supplying her family with vegetables from last summer's garden. Will you shave enough and a variety to last until the new vegetables arrive? asks Miss Eleanor Drury, home economics extension representative of Lawrence County.

If the supply has been exhausted, plan to can and store enough this year to last until the spring. Make your garden supply vegetables for year-round use, says Miss Drury.

Potatoes, carrots, turnips, rutabagas, beets, onions, tomatoes, greens, and celery are economics. These vegetables furnish important minerals and vitamins so necessary for health.

Fortunate is the homemaker who has dandelion greens growing in her dooryard. They are better than any spring tonic which comes in a bottle.

Try this recipe: Wash the greens in lukewarm water, allowing them to stand five minutes, until the sand settles at the bottom. Rinse in clear water twice. Cook in a very small amount of water until wilted. The greens may be cut fine if desired. Serve with the following sauce: Melt two tablespoons of butter; add two tablespoons of flour and stir until well blended. Add one cup of milk and stir over the fire until the sauce has thickened. Add one tablespoonful of lemon juice.

British Physician Would Use Gas On Defective Babies

Says Burden Of The Unfit Is Becoming Too Great

(International News Service)

LONDON, April 22.—The use of the lethal chamber to stem the alarming growth of physically and defective children was proposed by J. Myles Bickerton, Dean of the Royal Eye Hospital, here recently.

Ten per cent of the population of Britain, Bickerton revealed in an address to the Eugencies Society, is physically or mentally defective.

"The mentally defective," he said "increase by four a day, the blind by eleven a day. The burden of the unfit is becoming so heavy that the fit cannot risk increasing it by having children while the unfit continue to produce torrents of children.

"Euthanasia," he said, "for infants with gross defects might be made available for parents who wish to use it."

Dean Bickerton added that 11 blind people were registered every day last year and that there had been an increase of 35,000 in Britain's blind population in the last 12 years.

"This figure, however, is by no means a true register," he said. "Many blind people refuse to be certified, and it is possible that there are even 1,000,000 persons in Great Britain today who are blind in one eye."

Need Permit To Sell Bottled Water

Vending Of Mineral Water Under Control Of Department Of Health

HARRISBURG, April 22. — The bottling and vending of all artificial or natural mineral waters, spring waters, or indeed any waters bottled and sold for drinking purposes in Pennsylvania, is under the control of the State Department of Health, and must be done under a formal permit issued by Doctor Theodore B. Appel, Secretary of Health. This is in conformity with an Act of Assembly, known as the "Bottled Water Act," approved April 30th, 1929. Its enforcement is lodged in the Bureau of Engineering of the Health Department, with Engineer Henry P. Drake, in direct charge.

The Advisory Health Board of the Commonwealth, has prepared and promulgated certain regulations for the control of this industry, in the interest of the public health. The permit issued is for the term of a calendar year, but may be revoked at any time on proof of unfit water being offered to the public.

Employes at the Fisher State Game Farm have discovered a colony of bees which are using a feeding box for a hive. The box apparently was overlooked when others were taken from the fields last spring.

TRAVEL CLUB IS TOLD OF IRELAND

Members of the Travel Club of the Free Public Library, were taken on a tour of Ireland at their meeting Thursday afternoon, when the customs of the people, their industry, etc., were discussed by Miss Alice Joyce, children's librarian.

A list of books, which the children read had been furnished them in advance, which included the following titles: Wisp, A Girl of Dublin, Boy in Eirinn, Peep Show Man, Boy's Cuchalain, Celtic Fairy Tales Castle Blair. There was magic in those days, Irish Twins, Tough-coated Horse, and Wondersmith and His Son.

COPS' PARADE OFF

NEW YORK.—There will be no police parade this year. Commissioner Mulrooney announced the ceremony had been canceled because of the city's program of economy and retrenchment. It has been held annually in May.

Library Shows Big Circulation

Many New Borrowers Are Added During Month Of March, Records Show

Circulation for the month of March at the Free Public Library totalled 34.948 books, the records show.

Of this number, 17.371 was adult fiction, 2.614 adult non-fiction, 207 foreign, making a total of 20.192 total adult. Juvenile fiction circulation was 9.796, and non-fiction, 4.960.

New borrowers totalled 343, of which 245 were adults and 98 juveniles. The total number of borrowers was 14.329, of whom 9.106 were adults.

During the month there were 371 new books added to the shelves, 285 by purchase, 72 by gift, 14 by subscription, and the number of books catalogued during the month was 637. There were 289 books discarded.

FARM IMPROVEMENT MEETINGS ARE HELD

A. O. Rasmussen discussed the topic of "How to Beautify the Farm Homestead", at a meeting at the farm of Wylie Brewster near Mount Jackson, this afternoon at 2 o'clock. The arrangement, care and planting of shrubs and flowers was shown by Mr. Rasmussen.

This evening, Mr. Rasmussen will speak at a meeting in the New Bedford Grange hall, formerly the Maple Grove school house, when he will talk on the care of flowers.

ROAMING

With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle.

What t takes to do things, that crowd of Y. M. C. A. membership solicitors seem to have. They start out for 900 members and come waltzing home with 1000 which would seem to be a good batting average in any league.

There wasn't a whole lot of ballyhoo about the camgaign. There were a few pieces in the paper, that's true, but there was no fanfare of bugles or a ruffle of drums. Just a group of go-getters who had a job to do and figured they might as well do it in a hurry and be through in time for supper. A nice job any way you look at it.

Uniforms around a police station are nothing uncommon but I saw a new one in the office a few days ago. The wearer of the uniform was a young lady and the uniform itself was not blue with brass buttons. Sort of a forestry green or a gray green perhaps and after a little questioning found it was the uniform of the Girl Scouts.

There's an organization you don't hear so much about, but it does a lot of good. Some of these days they'll get their proper place in the civic sunlight and the phrase "good scout" can be applied to the girls as well as the boys.

Out along East Washington St. there's an elegant smell these days. The state forces are patching the paving with the usual mixture of tar, stone and what smells like the inside of a switchman's glove. It's oke after it dries but a man sized whiff of that on your way home to supper puts your appetite on edge.

Some of the old time artisans who wrought in stone are still with us, and still going strong. Mack Gallaher, who for the past fifty five or sixty years has been laying stone is still on the job and his cunning in fitting masonry together hasn't left him.

There aren't so many stonemasons today, du eto the use of concrete and concrete blocks but to a lot of us a stone wall is still to be preferred to any of the modern substitutes.

Tried to see a couple of lawyers here a day or so ago and was informed they were in Pittsburgh "on business." The busines they were on, it now develops was that of seeing the Pirates open the season.

Babcock Auxiliary Has Good Meeting

Pittsburgh Officials Attend Meeting In Fire Department Hall Thursday

ELLWOOD CITY, April 22.—An important meeting was held by the Jesse L. Babcock Auxiliary of this city in the fire department hall on the corner of Sixth street and Lawrence avenue. It was a special occasion and all members of the auxiliary and camp were present at the time. Special guests at this time were Nellie B. Wilson, department president; Anna B. Armstrong, department treasurer; Margaret Mackey, past president; Jane Wilson, Charles F. Armstrong, department inspector; George Mackey, past commander, and R. C. Wilson, all of Pittsburgh.

Following the business meeting by the auxiliary talks were heard from the three women officials. The next regular meeting of the Babcock Auxiliary will take place on May 19.

Students Compete In Music Contest At Grove City

ELLWOOD CITY, April 22—Several students of the local high school competed in the musical at Grove City last night and did not fare so well as in New Castle last Friday.

The three events in which Ellwood copped first honors at New Castle were again represented by the same persons, but not with so much success. The mixed quartet composed of Maurice Hayes, Bob Streeter, Lovee Hooker and Mary Huber, through a misunderstanding, placed third. They had only one number when they were required to give two. John Leggerio took fourth place with the clarinet and John Kuczemarski fifth with the violin. Both of these copped their event at New Castle.

Backfire Of Tractor Causes Small Fire

ELLWOOD CITY, April 22.—The backfire of a tractor in a one-story concrete block building on the corner of Tenth street and Lawrence avenue called out the local fire department about 3:40 yesterday afternoon. The backfire set some grease and gasoline in flames nearby. The fire was in hand when the department arrived on the scene.

SPORTS VIEWED SARTORIALLY

Sports, such as golf and walking, from a sartorial point of view, call for slightly different costumes, according to Lucien Lelong. The walking suit should be smart enough to be worn walking in the city park or for mornings in town. The golf ensemble is less formal. The ensemble sketched is of heavy navy woolen with woolen jumper with many colored stripes, patent leather belt and a scarf of shantung in many hues.

Pollyanna Club Meets With Mrs. Reubon Reed Here

ELLWOOD CITY, April 22.—Mrs. Reuben Reed delightfully entertained the members of the Pollyanna Club at their regular monthly meeting at her home on Todd avenue yesterday afternoon.

At their business meeting the club voted to reinstate their regular meeting date as the third Wednesday of every month. The club had been trying Thursday for a period. During the entertainment period several readings by a scriptologist describing several of the members were enjoyed.

At a later hour the hostess served refreshments, assisted by Mrs. Frank Collins and Mrs. Leo Hoover. The meeting was thoroughly enjoyed by all those present. The next meeting of the club will be held on May 18 at the home of Mrs. John Strohecker on Hazel avenue.

Mrs. H. D. Parkinson Is Hostess To Club

Members Of Priscella Kensington Club Have Fine Meeting Here

ELLWOOD CITY, April 22 — Among a setting of yellow and white the Priscella Kensington held its semi-monthly meeting yesterday afternoon at the home of Mrs. H. D. Parkinson on Pittsburgh Circle. Mrs. H. A. Kerr of New Castle was a special guest. All members were present at the time.

The day was enjoyed with games and contests as a result of which Mrs. W. D. Porter and Mrs. C. V. Patton received the prizes. A lunch was served later by the hostess, assisted by Mrs. Walter Giffen. Mrs. Chas. Kaufman invited the club to meet at her home on Glen avenue in two weeks.

CLASS MEETING

ELLWOOD CITY, April 22—The members of the Mayflower class of the Magyar Presbyterian church were pleasantly entertained at their regular monthly meeting held last evening at the Bristol home at Ellport. Twenty eight members were in attendance.

Following a devotional period conducted by the teacher, Mrs. Jaco Culp, a business meeting was held with plans being made for activities for the summer months. Junior choir practice was also held at this time.

An informal social period with games and contests of many kinds occupied the remainder of the evening until a tempting luncheon was served by Mrs. Clair Cummins assisted by Mrs. Culp after which the guests departed for home.

The next regular meeting will be held Monday, May 23 with the place of meeting to be announced later.

Thursday Evening Bridge Club Has Interesting Meeting Last Night

ELLWOOD CITY, April 22—Mrs. Fred Woods was a charming hostess at the regular meeting of the Thursday Evening Bridge Club at her home on Lawrence Ave. last night.

Bridge was the chief diversion of the evening with two tables at play. At close of the games it was found that Miss Zelda Twentier and Mrs. Warren Wilson were the winners of the high score favors.

The hostess with the assistance of Mrs. Arthur Nicklas served a delicious luncheon as a closing event of the meeting.

The club will be guests of Miss Zelda Twentier in two weeks at her home on Fourth street.

Ray Aylesworth Addresses Rotary

Club Hears Interesting Talk On Real Estate Last Night

ELLWOOD CITY, April 22—Ray Aylesworth, agent of the Pittsburgh Company in this city, was the principal speaker at the weekly meeting of the Rotary Club in the First Presbyterian church last night.

Mr. Aylesworth's subject was "The Classification of Real Estate." In his talk he brought out the history of real estate as security and also the other investments of today. He drew an interesting comparison on real estate with the stock market of today and in the end proved that real estate has the better value.

No definite plans have been made for the next meeting of the club.

Sisters Know Their Cues

The four Albee sisters of Minneapolis, Minn., are shown at the N. V. A. Club in New York, where they are demonstrating their claim to the world's championship for a four-sister billiard team. Each girl is an expert in one particular branch of the cue game, but as a whole they are unbeatable, so they say. Left to right, they are: Aileen, Lauraine, Harriet and Fern.

Doak Seeking To Terminate Strike

Secretary Doak Urges Ohio Coal Operators Meet With United Miners April 25

(International News Service)

WASHINGTON, April 22.—Secretary of Labor Doak today made another urgent appeal to Ohio bituminous coal operators to meet here April 25 with representatives of the United Mine Workers of America to discuss the strike situation in the Ohio fields.

In a telegram to a large group of operators, Doak said, "Your acceptance of this invitation for a conference will not only be greatly appreciated, but I know it will be an act decidedly in the public interest."

JOKE ON MAMA TIGER, SHE COULDN'T COUNT

(International News Service)

SAN FRANCISCO, Cal., April 22—Mama May, matronly Sumatra tiger at the zoo here, had a good joke put over her.

She couldn't count., and George Bistany, keeper of the zoo, took advantage of the fact.

Mama May has two tiger cubs of her own. In a nearby cage, Emma, the great Bengal tiger, also has two tiger babies. Emma refused to nurse her children and they became a zoo problem.

Bistany first tried advertising for a dog to take over the job, but the dog owners wanted too much money. So Bistany looked for a substitute. Mama May's ignorance of mathematics gave him an idea.

He "borrowed" the two Bengal cubs and slipped them into the Sumatra cage along with Mama May's offspring. Mama May never knew the difference, and continued with her domestic duties.

"It seems to be working out," said Bistany, "because Mama May can't count."

P. R. R. Shipments Take Upward Trend

Pennsylvania railroad headquarters here today announced that Thursday "was the best freight shipment day the E. & A. division has had in the past several months."

Seasonal coal and ore shipments were credited with boosting the hauls.

FUNERAL NOT FUNERAL SANS CORPSE, IS RULING

DENVER, Col., April 22.—A funeral is not a funeral unless there is a corpse.

This was the recent ruling of Municipal Judge Alvin H. Pickens in the case of Mrs. Etta Hartman, charged with cutting into a funeral procession. Mrs Hartman was accused as the result of a collision with an automobile bearing the pallbearers.

Questioning of witnesses revealed that the pallbearers were on their way from the home of the deceased to the mortuary to get the corpse.

There being no corpse present at the time of the accident, Mrs. Hartman was found not guilty of cutting in on a funeral procession, an offense under a city ordinance.

THE REAL ISSUE—

Primary Election Tuesday

GENERAL SMEDLEY D. BUTLER

The candidates supported by the General Butler Republican Committee are composed of men and women who honesty, integrity and fitness for the offices sought have not and will not be doubted by any person in Lawrence County.

Will the voters of Lawrence County permit the issue to be confused by Charlie Young or his hand-picked Chairman of the so-called Regular Republican Committee?

Who is this Chairman?

James DeLawrence, alias James Collingwood, alias (whose correct name is) Vincenzo DeLorenzo.

Where does this Chairman work?

What opportunity has he had to get such facts as would justify him in advising the voters of this County?

Will the electors of Lawrence County, who are in the habit of thinking for themselves and voting as their conscience dictates, be influenced by the publications of this Philadelphia Gang controlled Committee of "Regulars" who are making false and foolish attacks on the present Governor and his administration notwithstanding Pinchot is not a candidate for any office?

THE ISSUE

General Butler, the distinguished soldier and steadfast citizen who possesses real convictions.

Versus

Jimmie Davis, the Straddler and Vare owned and controlled, who appears to not know where he lives nor what he is for.

BUTLER CAMPAIGN COMMITTEE,
R. R. McGEORGE, Chairman.

New York Police Believe Murder Solution Nearer

Another Young And Pretty Woman Questioned Regarding Love Life Of Slain Man

BRINKER HAD MANY AFFAIRS

(International News Service)

NEW YORK, April 22.—Another young and pretty woman was questioned today by Nassau county police, who are convinced that out of one of his many known romances was created the impulse that led to the killing of Edward B. Brinker Jr., and his comely companion, Rose Welk.

The witness, Mrs. Beatrice Dinsmore, told a story which together with revelations found in the dairy of Brinker's second wife, Mrs. Josephina Nadal Tillotson Brinker, appeared to have brought solution of the latest Long Island murders appreciably nearer.

Held in Shooting

These two noted figures in aviation, Mrs. J. M. Keith-Miller (top) Australian aviatrix, and her associate, Captain William N. Lancaster, are held in Miami, Fla., while police endeavor to unravel the strange shooting of Haden Clarke, 31-year-old pilot and author, in Mrs. Keith-Miller's residence. The Australian aviatrix and Capt. Lancaster ascribed Clarke's shooting to a suicide attempt.

Three Deeds For Postoffice Site Placed On Record

Transfers Of Wallace, McCormick And Clark Properties Made To Government

Deeds for three of the properties purchased by the government for New Castle's new postoffice were placed on record at the register and recorder's office this morning.

One deed is from Caroline C. Wallace to the United States of America for $73,000, a second is from Elizabeth McCormick for $52,500 and the third from Mary E. Clark for $27,000. Deed for the Kulkin property has not yet been placed on record. The properties are located on the southwestern corner of the diamond.

It is understood that the money has not yet been paid, but that it will be as soon as the government is notified that the deeds have been properly recorded.

Other real estate deals recorded today are as follows:

Andrew A. Wimer to E. P. Workley, Ellport, $1.

S. Emma Baer to Nina H. Eckles, second ward, $1.

Don Nosik to Paul Kowalchik, Bessemer, $1.

Proponents Of Bonus Plan Continue Efforts After Hearing Speech By Dawes

(International News Service)

WASHINGTON, April 22.—Denounced by Charles G. Dawes as promoting complete economic ruin for America, proponents for cash payment of the bonus continued their drive in congress today as Rep. Fish (R) of New York urged a $500,000,000 public works program to supplant the demands of the World war veterans.

"The Dawes statement has spiked the bonus movement just as another Dawes statement stopped the war expenditures investigation," remarked Rep. Rainey of Illinois, Democratic house floor leader, after the head of the Reconstruction corporation addressed the house ways and means committee.

He particularly attacked the bill of Rep. Patman (D.) of Texas which proposes the issuance of $2,400,000,000 in treasury notes as a means for cash payment of the veterans adjusted compensation, and warned the committee against "tampering with the foundation of our currency."

PARKING VIOLATOR PAYS IN NICKELS

This morning Sergeant J. P. Steiner had a rather unusual experience, when a man, who had parked his truck on Market Way, near Water street, where parking is prohibited, entered with his ticket and urged that business was bad and that he should be excused. Excusing parking violations has ceased except in the case of persons from other cities and towns and his plea was refused. He then paid, giving Sergeant Steiner twenty nickels.

BOY REPORTED BITTEN BY DOG

Report was made to the police on Thursday that a boy named Harley Shoaff, Jr., had been bitten by a dog belonging to Pete Bessell, 521 West Washington street. According to the report, the dog was on its own porch, when the boy was bitten. The services of a physician were required to take care of the injury of the boy. The owner of the dog was instructed by the police to keep it tied up for ten days.

M. B. A. To Hear Judge Chambers

Judge James A. Chambers will be the chief speaker and talented musicians will entertain when the annual banquet of the Pennsylvania railroad's Mutual Beneficial Association occurs at the west side assembly room quarters of the company on Saturday night at 6 o'clock.

Supervising Agent Ely A. Fenton will preside over the festivities as toastmaster.

Mutual Beneficial officers from Pittsburgh and Philadelphia are expected to attend as guests. Other E. & A. division members will come from upper Shenango valley towns and other points. A large dinner crowd is being prepared for.

The M. B. A. operates for Pennsylvania employes and officials.

Troop Members Get Pay Checks

Quarterly Pay Will Be Distributed To Cavalrymen At Drill This Evening

Members of Troop F. 103rd Cavalry, will receive their quarterly pay checks for drill attendance, at the weekly drill session in the Armory this evening.

Arrangements will be made at this time for the mounted hike to the rifle range at East Brook Saturday afternoon, when the range will be reconditioned and put in shape for use this summer.

Word has been received by Lieut. George Mitchell, acting commander of the Troop, from Capt. James M. Shelton, regimental instructor, that Troop F. had the highest inspection rating of any of the Troops in the 103rd Regiment.

Plans are now being made by the officers of the Troop to start the civilian riding school at the stables around the first of May.

OFFICER GETS MAN DELIVERING BEER

Officer McMullen happened along last night just in time to catch Thomas Hanlon of South Jefferson street, in the act of delivering four bottles of beer from his apartment to two couples in a machine in front of his place, the officer reported. Hanlon attempted to hid but did not make it and was arrested. He is being held pending a further investigation of the case.

ALL CALIFORNIA BIRDS TRACED TO 98 LOCALES

(International News Service)

BERKLEY, Cal., April 22.—All of the birds that were first discovered in California can be traced to about 98 defenite centers, according to a report issued here today by Professor Joseph Grinnell, curator of the University of California.

"The most important of these localities is Monterery" Prof. Grinnell declared, "whence no less than 23 birds have been newly named.

"This is obviously due to the situation of Monterey as one of the chief ports of call along the Californian coast in the early 1800's."

Other localities of "type" importance are San Diego with 12 names, San Clemente Island and San Francisco, 10 each; Pasadena and Palo Alto with 9 each; Fort Tejon with 8; and Nicasio with 7.

Fifteen Women And Nine Men Are Drawn On June Grand Jury

Jury Commissioners Announce That Only Names Of Registered Voters Go In Wheel

When Sheriff Frank Johnston and Jury Commissioners Leslie and Newswander, drew juries for the June term of criminal court yesterday, fifteen women and nine men were drawn on the grand jury. This is an unusual co-incidence, as usually there are many more men than women on the grand jury.

In connection with the selection of names to place in the jury wheel, Commissioner Howard Leslie said this morning, that some complaints had come to the jury commissioners, to the effect that names of persons which had been sent to the office, had never been drawn from the wheel.

It was explained that it has been found that very often a checkup has shown that many persons whose names have been sent in do not appear on the registry list. This applies principally to this city, where there is personal registration. In the country districts the registering assessor gets the names, and usually there is not so much trouble, unless for some reason the registrar has happened to miss some one.

The jury commissioners will not place names of persons not registered in the jury wheel if they know it. Work of checking over the names which are sent in with registry lists, involves considerable labor.

The jury wheel has been filled for the year 1932, and, so far as known, contains only the names of registered voters.

Pleads Guilty To Chicken Stealing

Patrick Swingter Believed Member Of Gang Operating In Lawrence County

As a result of chicken stealing in North Beaver township, County Detective Lee, Assistant Rocks and Constable Webb of North Beaver township have arrested Patrick Swingter, colored of Warren, O. on a charge of stealing 60 White Plymoth rock chickens from R. M. Hope of North Beaver township. Swingter was taken before Alderman Green, where he entered a plea of guilty and was held for the June term of court. In default of bail he was committed to jail.

Detective Lee believes that Swingter was one of a gang of chicken thieves who have been operating in Eastern Ohio and Western Pennsylvania. There have been many thefts in Mohaning county, O., and there have been a number of arrests recently.

While there has been many robberies in North Beaver, Little Beaver and Mahoning townships, the Hope robbery was the only one in which the local authorities have been able to hang on Swingter.

THREE AUTOS—75 CENTS, AN ODD COURT CHARGE

(International News Service)

CAMBRIDGE, Mass., April 22.—Three automobiles—seventy-five cents.

The item on the expense list of the Malden district court caught the eye of the Middlesex County auditor. He summoned the court clerk.

"Are these new automobiles necessary?" "They are."

"Is this the correct price?" 'It is."

"Do you mean you paid only 75 cents for three automobiles?"

"Yes."

"Where are they?" "Out on the desk in the criminal court session; they're witnesses."

The auditor found two toy automobiles and a toy truck, purchased for demonstration purposes in court cases.

CO-EDS TOLD RULES FOR JOB-GETTING

(International News Service)

PALO ALTO, Cal., April 22.—Observance of five simple rules is all that is necessary to get a job and hold it. Stanford university co-eds learned recently.

The rules, outlined by Gilbert Wrenn, secretary of vocational service were:

1. Get practice in meeting men.
2. Acquire self-confidence.
3. Develope personality.
4. Expect to make a place for yourself.
5. Make yourself indispensable to your prospective employer.

He didn't give names of men for them to meet, girls said.

Two Are Held On Charge Of Robbery

Jess McQuiston And Charles Hoffman Enter Pleas Before Alderman Mantz

Jess McQuiston of North Jefferson street and Charles Hoffman of West Washington street were held for court by Alderman Mantz this morning following pleas to a charge of robbery made by County Detective H. Martin Lee in behalf of R. C. Copper of Shenango township.

It is claimed that on the night of February 4 three men drove to the Copper residence on the Ellwood City road. Mr. Copper, who is well advanced in years, claims that he was held up at the point of a revolver and relieved of $140.

When brought before the alderman this morning by County Detective Lee, Assistant Bernard Rocks and Corporal Lawton of the state highway patrol the two men claimed that so far as they knew the amount alleged to have been taken was not $140.

McQuiston claimed that he was not in the Copper house, but admitted that he was in a car outside and knew the purpose of the trip. He said that after the robbery he had been given $5.25 by the third man, who has not been arrested.

Hoffman claimed that the man had given him a little over $10. Alderman Mantz explained to the men that they could enter pleas of guilty or not guilty, as they saw fit. They decided to plead guilty. They were held for the June term of court in the sum of $1000 bail each.

Not having the bail ready they were taken to jail, but expect to get bail as soon as friends can be notified.

Kreuger's Death Rendezvous Told For First Time

Last 24 Hours Of Ivar Kreuger's Life Packed With Disappointments

BEVY OF WOMEN MOURN DEATH

By WILLIAM PARKER
International News Service Staff Correspondent

PARIS, April 22.—The amazing drama that Ivar Kreuger, multi-millionaire Swedish capitalist, crowded into the last twenty-four hours of his sensational life before committing suicide in his Paris apartment was revealed to International News Service for the first time today.

Information received from authentic sources revealed that Kreuger's suicide, which unfolded a startling tale of forgery, deceit and double-dealing, was not a long premediated act.

The Swedish "match king", who never traveled with less than $200,000 in bank notes in his pockets and never dined without pretty women and magnums of champagne, shot himself only when last minute appeals to bankers for financial assistance to ward off the collapse of his huge industries had failed.

Was No Escape

When he saw there was no escape, he took his life, leaving behind him a sordid tale of financial crookedness and a disappointed bevy of beautiful women in the various capitals of the world.

It was regarded that in every city where Kreuger maintained headquarters, he had two apartments.

One was plainly but comfortably furnished. This was for business. The other was luxurious in the extreme. This was for femininity.

On Kreuger's last visit to the United States he confronted American bankers with an imperative demand for $3,000,000 to forestall disaster.

His plea failed. He returned to Europe arriving in Paris on the day before his death.

Plea Is Refused.

He arranged to have a Paris banker call at his apartment. This was the last hope. The banker refused to advance the money and unwittingly sealed Kreuger's death sentence.

Half an hour later, Kreuger left his apartment.

At 10:45 a. m., the chambermaid left the apartment to do an errand. She returned at 10 minutes past noon.

A few moments later, Littorin, worried over Kreuger's non-appearance at the hotel, rushed into the apartment. Jeannette told him her master was asleep, but Littorin investigated. He opened the financier's waistcoat and blood spurted from the wound above his heart.

They are Mrs. Lowell Fletcher Hobart (left), president-general of the D. A. R., and Mrs. Russell William Magna, of Holyoke, Mass., who is the unopposed candidate for president in the coming year. More than 3,000 Daughters attended the congress in the Constitutional Memorial Hall.

Rep. Beers Dies In Washington

Death By Influenza Claims Pennsylvania Congreeman At Naval Hospital

(International News Service)

WASHINGTON, April 22.—The body of Rep. Edward M. Beers (R) of Pennsylvania, who died suddenly at Naval hospital following an attack of influenza, was taken to his home in Mount Union, Pa., today for funeral services Monday.

Delegations from congress will attend the services. They are: Senators Reed and Davis of Pennsylvania, Shipstead of Minnesota, Moses of New Hampshire, Vandenberg of Michigan, Dickinson of Iowa, Fletcher of Florida, Walsh of Massachusetts, Ashurst of Arizona, Capper of Kansas, Reps. Darrow, Watson, Kendall, Shreve, Doutrich, Rich, Kinzer, Haines, Lichtenwalner, Coyle and Welsh of Pennsylvania, and Stevenson of South Carolina.

Beers' death increases the Democratic plurality in the house to 11. The standing now is: Democrats 221; Republicans 210; Farmer-Labor 1 and 3 vacancies. Vacancies followed the deaths of Reps. Vestal (R) of Indiana, Beers, and the resignation of Rep. Leech (R) of Pennsylvania.

Probe Deaths Of Three In Mines

(International News Service)

WILLIAMSTOWN, Pa., April 22.—Recent rains which weakened supports in the mine tunnel today were blamed by investigators for the slide of coal and timbers that claimed the lives of three men in the workings of the Susquehanna Collieries Company.

Those who perished were: Thomas McCullom, 65, of Trevorton; Thomas Lettich, 36, Valley View, Schuylkill county, and Stanley Semanski, 36, of Tower City.

McCullom's body was recovered last night after a score of men had dug through the mass of debris in relays for more than ten hours. The other two bodies were recovered early this morning.

Mother Of Irish President Is Ill In Rochester, N. Y.

Mrs. Catherine Wheelwright, 80, Mother Of Eamonn De-Valera, Is Seriously Ill . .

ROCHESTER, N. Y., April 22.—The mother of Ireland's greatest living patriot lies ill here today.

Mrs. Catherine Wheelwright, 80 year old mother of Eamonn Devalera, president of the executive council of the Irish Free State, has not been able to follow the activities of her famous son since he was swept into power some weeks ago.

Even mention of his name today brings such emotion into her breast that she is forced to shake her head, tearfully, and remain silent.

Quick-witted, spirited, the source of Devalera's own fiery personality, Mrs. Wheelwright has been ill ever since the news of her son's election reached her. Perhaps the two things had no connection, says her physician, Dr. Katherine L. Daly, but there is the possibility that her pride and joy and concern for her son's welfare were too much for her ageing body.

Candidates Favor Manager Plan For Municipalities

(International News Service)

HARRISBURG, April 22.—More than 300 candidates for the General Assembly have promised to support legislation making the proportional representation—manager plan of government optional for for Pennsylvania municipalities.

Dr. J. Horace McFarland, of Harrisburg, chairman of the municipal charter committee of Pennsylvania which is sponsoring the plan today said legislative support was pledged by the candidates in a poll conducted by the committee.

Ex-Kaiser May Reside in U. S. Territory

Exiled Emperor of Germany, Needing Change of Climate, May Accept Hospitality Offered by Virgin Islands' Civic Organizations.

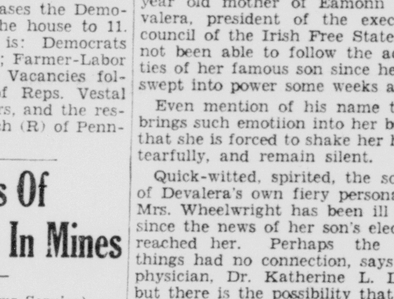

GOVERNOR PEARSON

MAP SHOWING LOCATION of ISLANDS

ST THOMAS, VIRGIN ISLANDS

EX KAISER WILHELM and WIFE.

Following press dispatches revealing that physicians attending former Kaiser Wilhelm, of Germany, in Doorn, Holland, suggest that an indeterminate stay in the West Indies would be extremely advisable, two civic organizations of St. Thomas, capital of the islands, have forwarded invitations to the exiled monarch offering him hospitality as their honored guest. Dr. Paul M. Pearson, Governor of the Virgin Islands, in forwarding copies of the invitations to the State Department at Washington, made it plain that any official steps in the matter must be initiated by that department. However, it is unlikely that the ex-Kaiser would consent to putting so much distance between himself and the country that was once the theatre of his glories. He is fairly well content at Doorn, where he leads the simple life of a country gentleman, keeping fit by working around his estate, chopping wood and engaging in other manual chores. Though it is still a firmly entrenched belief in Germany that Wilhelm would welcome a chance to return to the helm of state, the ex-Kaiser's attitude in the recent elections does much to brand the belief a fallacy. It is reported that had not Wilhelm vetoed the idea, both Adolf Hitler and President Paul von Hindenburg would have withdrawn from the presidential race and left a clear field for the former Crown Prince as the first step toward restoring the Hohenzollern dynasty. Though it is still a matter of conjecture as to the royal exile's reaction to the Virgin Islanders' invitation, it would be strange if he were to take refuge in a territory controlled by the United States, which more than any other allied nation is responsible for his being an "ex."

Dry Leaders Are Seeking Candidate For Congress Post

Death Of Congressman Edward M. Beers, Mt. Union, Pa., Calls For Action

(International News Service)

HUNTINGDON, Pa. April 22—Dry leaders today were considering plans to place a last minute candidate in the field against Benjamin F. Focht, of Lewiston, now unopposed for the Republican congressional nomination in the eighteenth district as a result of the death of Congressman Edward M. Beers of Mt. Union.

Beers name will appear on the ballot in the "shoestring" district despite his death.

The Rev. Ormer Poulson of Huntingdon suggested the names of Clinton Hackman, Mt. Union, candidate for state committeeman; J. Anson Wright, Bedford, and former state Senator Frederick Culbertson, of Lewistown, as acceptable to the prohibition forces.

Britain Erects Tariff Wall Of Huge Dimension

Highest Tariff Wall Of Any Nation In World Put Up By Great Britain

PRODUCERS WILL GET PROTECTION

(International News Service)

LONDON, April 22.—At midnight Monday the highest tariff wall in the world will be closed around Great Britain.

A combination of new tariffs announced last night and the present rate of exchange on the pound sterling will give British producers more protection than now is offered manufacturers of any other country.

The general ten per cent tariff was doubled, the tax on manufactured iron and steel, except pig iron was raised to 33 1-3 per cent for three months, and the duty on semi-luxuries and luxuries was raised to 25 and 33 1-3 per cent.

The new duties will severely affect products of the United States as they will the exports of practically every other country dealing with Britain. In general, the continent was considered to be hit harded than the United States.

CUT PASTOR'S SALARY DESPITE HIS REVOLVER

ATLANTA, Ga., April 22.—Brethren of the Sin No More Church here are without a pastor.

The "renancial" committee met to talk over money matters and compare the littleness of the income with the bigness of the outgo. They decided to cut the pastor's salary.

But the pastor, the Rev. H. J. Blakeley, happened to be present and strongly objected to the move. The argument became heated and the Rev. Blakeley whipped a big revolver from under his coat tails to enforce his point of view.

He did. But after the pastor had gone the committee called the police. Officers sought the gun-toting pastor but in vain.

Abram's Generosity To Lot

"Brass Tacks" On The Sunday School Lesson

The Golden Text

In honor preferring one another.—Rom. 12:10.

By DR. ALVIN E. BELL

(The International Uniform Lesson for April 24 is Genesis 13, particularly verses 5-15, the Golden Text being Roman 12:10 "In honor preferring one another.")

Abram's return from Egypt, where he had sought to get along by his own cleverness rather than by trusting in Jehovah, was marked by a return to a life of faith and fellowship with God. He had learned well the lesson that though "self preservation is the first law of nature," self denial is the first law of grace and of God. He returned "to Bethel (which means "House-of-God") unto the place where his tent had been at the beginning. . . . unto the place of the altar, which he had made there at the first: and there Abram called on the name of Jehovah."

The Meek Inherit The Earth

Abram and his nephew, Lot, were greatly enriched in herds and goods, until we read, "the land was not able to bear them, that they might dwell together: for their substance was great, so that they could not dwell together. And there was a strife between the herdsmen of Abram's cattle and the herdsmen of Lot's cattle."

The time had come for the separation of uncle and nephew that this strife should not become a scandal in the eyes of the heathen among whom they dwelt. Accordingly Abram, in great magnaminity of soul, proposed to Lot that he make choice of the part of the land he wished, and the older man, to whom God had given the whole of the land, agreed to take what should be left. "Let there be no strife, I pray thee, between me and thee, and between my herdsmen, and thy herdsmen; for we are brethren. Is not the whole land before thee? Separate thyself, I pray thee, from me: if thou wilt take the left hand, then I will go to the right: or if thou take the right hand, then I will go to the left."

Lot proved himself unworthy of his uncle's greatness of soul and selfishly chose for himself what seemed to be the better part. But Jehovah kept his word to the meek, that "they inherit the earth," and said, to Abram, "Lift up now thine eyes, and look from the place where thou art, northward and southward and eastward and westward: for all the land which thou seest, to thee will I give it, and to thy seed forever."

The Price Of Selfishness

While Abram dwelt in the highlands, building an altar unto Jehovah at Hebron (meaning fellowship), "Lot dwelt in the cities of the plain, and pitched his tent toward Sodom."

What did it matter to him that "the men of Sodom were wicked and sinners against Jehovah exceedingly"? Were not the plains "well watered everywhere . . . . like the garden of Jehovah"?

Yes, but the fire from heaven that destroyed the cities of the plain, the pillar of salt, the blasted lives of his daughters who married sodomites testify that it does not pay to put well watered pastures before God or herds before home.

"What is a man profited, if he shall gain the whole world, and lose his own soul? or what shall a man give in exchange for his soul?"

Late British Writer Lived Beyond Means

Widow Of Late Edgar Wallace, Reveals Huge Outstanding Debts

LONDON, April 22.—Edgar Wallace "lost his sense of proportion" and lived far above his income during the last few years of his life, the famous British writer's widow declared today.

Interviewed following publication in the daily mail that Wallace left debts of about 81,000 pounds (more than $300,000, and assets of only 18,000 pounds (approximately $67,680), Mrs. Wallace admitted the figures were true and attributed the state of affairs to "big parties" and other luxuries.

"Heavy racing losses also were a factor," Mrs. Wallace said.

"We give big parties which were too expensive and otherwise lived above his income. We spent as though it were certain the huge income we derived from his writings and stage activities would continue forever."

Differences On Economy Slash

President And Congress At Odds On Plan To Cut Expenses

HOOVER SEEKS TO REVAMP BUREAUS

By WILLIAM S. NEAL
International News Service Staff Correspondent

WASHINGTON, April 22.—Differences between the administration and Congress over economy were intensified today as the ruthless policy of Congress was attacked at both ends of the Capitol.

Spokesmen for the President, declaring that the unbending "ten per cent rule" of the Senate in cutting appropriations would wreck many departments, pleaded instead for Mr. Hoover's "orderly reorganization scheme."

Clashes over money saving plans were expected in both Senate and House, with the House considering the naval appropriation bill and the Senate having before it the state, justice, labor and commerce supply measure.

Secretary of the Treasury Ogden Mills was to carry his fight against a 10 per cent reduction of the treasury-post office bill to the Senate appropriations committee in company with Postmaster General Brown.

Meanwhile the House economy committee, under Democratic control, was trying to reach a decision on the President's request for authority to reorganize bureaus. The request, it was indicated, will be denied.

Hold Police Tests Here Next Month

Members of the civil service board convened last night at the office of Attorney Ralph Cooper, secretary to the body and decided to hold an examination of police candidates May 8, at the city building. The board changed the age limit from 21 to 40. It has been 21 to 38 years of age. There are several vacancies in the department of city police. The present list of eligibles expires about May 18.

Correct This Sentence: "And we saved civilization," said the man, "by making France the dominant military force in place of Germany."

TRANSFUSIONS HELP STUDENTS PAY WAY

(International News Service)

DENVER, April 22.—The University of Colorado medical school reveals that dozens of persons are making their living, or at least collecting an occasional fee by selling their blood for transfusions at local hospitals. Many medical students, especially, are paying part of their tuition in this way.

Hospitals keep a list of available sources of blood. They are classified according to blood groups into four general classifications and thirty subdivisions. When an emergency arises the patient's blood is checked against that of the donors listed. The contributor having the proper class of blood in his veins is then called in. A pint is the usual amount of blood used.

Physicians have found that such transfusions from healthy individuals are useful for many purposes. It is often necessary, for instance, to inject new blood before operating to prevent surgical shock.

Abram's Generosity to Lot

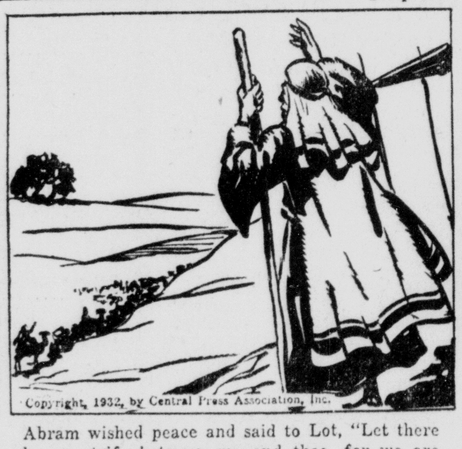

ILLUSTRATED SUNDAY SCHOOL LESSON

Scripture—Genesis 13.

By the Rev. Alvin E. Bell And Alfred J. Buescher

Abram and Lot, his nephew, became very rich in herds and goods under God's blessing until they came to feel crowded in the land and their herdsmen began to quarrel over who should have the pasture for their flocks.

Abram wished peace and said to Lot, "Let there be no strife between me and thee, for we are brethren." And he offered Lot first choice of the part of the land he would take, agreeing to be satisfied with what was left.

Lot selfishly chose for himself the well-watered pastures of the Jordan plains and "pitched his tent toward Sodom." In spite of the wickedness of Sodom he reared his family there so his flocks could have green pastures.

Abram built altars and prayed there to God, and God blessed him richly. But Lot's riches were destroyed in Sodom, his daughters married unfortunately and even his wife was lost to him for his selfishness and worldliness.

GOLDEN TEXT—Romans 12:10: "In honor preferring one another."

Mulvihill To Speak Here On Tree Planting

Chief Of City Planning And Municipal Engineering Department Of State Coming

WILL PRESENT ILLUSTRATED TALK

Members of the Shade Tree Commission of the city and the New Castle Garden Club, are looking forward with expectancy to the coming of Francis J. Mulvihill, chief of the division of city planning and municipal engineering, Bureau of Municipal Affairs, Department of Internal Affairs, who will give an illustrated talk on "Trees" in the Senior high school Thursday evening, April 28, at 8 o'clock.

Invitations have been extended by Mayor Charles B. Mayne to Mayors James P. Rossiter of Erie and Joseph A. Heineman of Butler, to attend the meeting as they have tree planting commissions in their respective cities.

The Garden Club is also extending invitations to members of the Garden Clubs in surrounding cities, and a crowded house is expected to greet the state official when he makes his appearance here.

Under the direction of the local Shade Tree Commission , 288 seedlings have been set out in the Walton Plan, and a tree has been planted at each of the seventeen school buildings in the city.

Making Survey

The Garden Club is assisting the Shade Tree Commission, by making a survey of all the streets of the city showing which are planted with trees, and which are not. A map of the city will be prepared, and as additional trees are planted on streets without trees, they will be designated on the map.

It is hoped to promote a contest to see which streets can be improved the most with tree planting and shrubbery. Prizes of shrubbery will be given to the winners and the Garden Club will act as judges.

Every citizen who plants a tree will be given a certificate by the George Washington Bi-Centennial Commission and persons who have already planted trees this year are asked to notify Mrs. Marcus Feuchtwanger, president of the Shade Tree Commission, or Mrs. Walter Eckenroad or Mrs. DeGraff Pearson.

About a thousand trees have been planted in New Castle this Spring, by citizens and corporations.

Prisoner Faces Murder Charge

Western Pen Prisoner Killer Of Two Of Fellow Convicts Pleads Self Defense

(International News Service)

PITTSBURGH, April 22.—James Gordon, Philadelphia "bad man", today faced murder charges for the slaying of two fellow convicts at Western penitentiary in a recent knife duel. The charges were made upon the recommendation of a coroner's jury.

From his hospital cot, Gordon, who is serving from 84 to 119 years, claimed that he stabbed Martin Connelly, 29, and Mike Ferraro, 21, both of Pittsburgh, in self defense.

Reserve Officers Will Attend Big State Convention

Shenango Valley Chapter Will Be Well Represented At Pittsburgh

Annual convention of the Reserve Officers Association of Pennsylvania will be held Saturday in Pittsburgh. It precedes the National Convention of the Reserve Officers Association, which will start Sunday and continue for several days.

Shenango Valley Chapter of this city will be represented at both the state and national meetings and will take an especially prominent part in the state convention.

Among those attending from the local chapter will be Major W. F. Jackson, Captain John B. Brettell, First Lieutenant John D. Kennedy, First Lieutenant Paul A. Welsh, First Lieutenant Floyd D. Perrine and others. Major Jackson is first vice-president of the state organization and in line for further recognition.

One of the features of the state convention Saturday will be the pistol shooting competition to be held in the armory of the 176th Field Artillery at Blawnox.

The Shenango Valley Chapter will have a team in the competition and has an excellent chance of winning. The members of the chapter team are Major Burnside of Sharon, Lieutenants Moseley and Mercereau of Sharon, Captain McGill and Lieutenants Cowan, Thompson, Seyffert, Solsberg, and Blaha, all of New Castle.

TRAVELING MAN ENDORSES ALL-BRAN

Says It Brought Relief From Constipation

"I want to take this unsolicited means to tell you what ALL-BRAN has done for me.

"I am on the road all the time, and this has a tendency to constipate me, or any one who travels all the time. I used to suffer a great deal from constipation, until some one told me about Kellogg's ALL-BRAN. Since I have been eating this cereal, I have been cured of constipation. I heartily endorse it to any one suffering as I did."—Mr. B. F. Pollard, Marion, N. C.

Constipation is caused by lack of two things in the diet: "Bulk" to exercise the intestines. Vitamin B to tone the intestinal tract. Laboratory tests show ALL-BRAN provides both. At the same time, it supplies iron for the blood.

The "bulk" in ALL-BRAN is similar to that of lettuce. Within the body, it forms a soft mass, which gently clears the intestines of wastes. Being a *natural* corrective ALL-BRAN is not habit-forming.

How much better than risking pills and drugs — so often harmful. Two tablespoonfuls daily will overcome most types of constipation—serious cases, with every meal. If you have intestinal trouble not relieved this way, see your doctor.

Serve ALL-BRAN as a cereal with milk or cream, or use in cooking. At all grocers in the red-and-green package. Made by Kellogg in Battle Creek.

People's Mission Begins Convention

Thursday evening marked the opening session of the missionary convention in the People's Mission, Sampson street, with Miss Cecelia Lewis as the speaker.

Miss Lewis gave a marvelous sermon of inspiration to those interested in the spread of the gospel. At this evening's service she will talk of her work in Africa and will show slides of African people, their homes, the missions and other things of interest.

Rev. R. E. Ellenberger of Castlewood will be the speaker Saturday evening.

Many Delegates And Members Of Missionary Societies Gather For Conference

About four hundred women of the missionary societies of the United Presbyterian churches of the Beaver Valley assembled in Highland United Presbyterian church all day Thursday for the fifty fifth annual convention, with Mrs. William M. French of College Hill presiding.

The morning session opened at 9:15 with a meeting of the executive committee and was followed by the devotional opening at 9:30 with Mrs. W. W. Willis of Rocky Springs leading the devotional opening.

Mrs. J. Frank Smith of College Hill, recording secretary, gave the minutes of the last presbyterial meeting and reports were heard from the various officers, with the treasurer's report showing a good condition, despite the economic depression.

Roll call was answered by the delegates of the various societies and the various committees were named and the morning session closed with a prayer for the missionaries in the homeland missions and in the foreign fields.

Lunch was served at long tables in the church dining room, and each table was centered with clusters of spring flowers in vivid and pastel shades. The delegates brought their lunches and the Highland ladies served coffee and ice cream.

Afternoon Session

At 1:30 the group again assembled in the auditorium and the Memorial service for missionaries was conducted by Mrs. Louise C. Krepps of Four Mile United Presbyterian church.

The address of the afternoon was a most inspirational one by Mrs. J. G. Campbell of Grove City, who has returned from many years of service in Sialkot, India.

Mrs. Campbell took the women on a journey through India, stopping at the most interesting points, then told how they assembled the women and children for the Bible lessons and lead them to Christianity. Her talk was most informal and to hear her speak one realized why the Hindu and Mohammedan women flocked to her side, for she has a most charming personality and her smile invites friendship.

There was special music by a chorus choir from the various churches after which a round table discussion was led by Mrs. S. W. Irvine of the First church, Beaver Falls, assisted by delegates from the Beaver, Ellwood City, Darlington, New Brighton, Ambridge, Rochester and Highland societies.

The annual shower was held for the Columbia hospital and a representative of each society placed the gift to be sent to this institution.

The report of the election was then given, with Mrs. Wm. M. French chosen as president for another year; Mrs. S. B. Copeland of the Third church, New Castle, first vice president; Mrs. R. H. Kirk, Wurtemburg, second vice; Mrs. J. Frank Smith, College Hill, recording secretary; Miss Harriett Smith, First church, New Castle, corresponding secretary; Miss Luella McKee, Beaver, treasurer; Mrs. E. J. Shremp, Rochester, literature secretary; Mrs. J. S. McAnlis, Highland church, New Castle, Thank Offering president; Mrs. Dick Thompson, Mt. Jackson, young women's secretary; Mrs. Fergus Smiley, Rochester, temperance secretary; Miss Winifred Baird, Mahoning church, New Castle, junior secretary; Mrs. Charles D. Fulton, Beaver, Association manager.

PULASKI

ENTERTAIN CLASS

J. R. Meek, William Kerr and R. C. Bilger entertained the members of the Meek Bible class of the Methodist Sunday school at the home of the former on Monday evening. A dainty lunch was served by Mrs. Meek, Mrs. Bilger, Lois Kerr and Dorothy Meek. Those drawn to entertain the class in May are Rev. Henry Shilling and Maurice C. Fulkerson.

Those present were E. L. Ayers, Lawrence Mitcheltree, Silas Sturdevant, John P. Clark, Rev. Henry Shilling, Frank Clark, Walter Mitcheltree, James Swogger, Maurice C. Fulkerson and Charles Wick.

CLASS MEETING

Mrs. Charles Mitcheltree and Mrs. Mary Jennings proved very pleasing hostesses when they entertained the members of Mrs. William Parson's and Burdean Stevenson's classes of the Presbyterian Sunday school at the home of Mrs. Mitcheltree on Wednesday afternoon.

A fine lunch was served by the hostesses. Over 25 were present. Mrs. Clarence and Mrs. George Biddle will entertain the members of the class in May.

PULASKI NOTES

Mrs. Dora Onstott, Mrs. J. R. King, Carol Ann King, Charlotte King, Doris King and John Reeves of Salem, O., were recent guests of Mr. and Mrs. John P. Clark.

Mr. and Mrs. William Kerr are spending the week at the home of their daughter and husband, Mr. and Mrs. Lee Allen, in New Castle.

Mrs. Ralph Goddard has been confined to her home with illness for several days.

Must Sell Autos To Secure Help

Scranton Poor Board Issues Ultimatum To Hungry Unemployed

(International News Service)

SCRANTON, Pa., April 22.—Scranton's hungry unemployed must first sell their automobiles and then they may expect aid from the poor board.

Members of the board, under a new edict, decided that relief would not be extended to those who own automobiles.

M. J. McHugh and Thomas F. Wells told fellow directors of a woman who had applied for a $20 increase from the district. Investigation showed that in spite of unemployment and an overdue store bill of $200, the woman's family still retained an automobile.

Rev. W. C. Tyrrell To Preach Farewell

After serving the congregation of the Maitland Memorial Primitive Methodist church for the past three years, Rev. W. C. Tyrrell will preach his farewell sermon Sunday, and Tuesday will leave for the annual conference, which will be held at Dixon City this year, at which time he will receive his appointment to another place.

Two special closing sermons will be preached by the patsor and it is anticipated the church will be thronged as Rev. Tyrrell has made many friends outside his own congregation, who will assemble for these services.

Baptist Church Holds Its Place

First Baptist Bible School Will End Its Contest With Large Churches Sunday

Paul D. Weller superintendent of the First Baptist Sunday school announces that the state drive, between the five largest Baptist Sunday schools of the state of Pennsylvania, will come to an end Sunday and it is anticipated that with the close of the Sunday morning session the local church will be in the lead.

The school is now holding second place with 119.8; Uniontown leading with 161.40 and it will take the united effort of every member of the Sunday school to overcome this lead Sunday, but the Men's Bible class has promised to have 300 out and the other departments of the school are promising their aid in proportion.

Fifty and Fit

A MAN is as old—or as young—as his organs.

At fifty, you can be *in your prime.*

Why go along with "fairly good health" when you might be enjoying vigor you haven't felt for years?

There's a simple little thing anyone can do to keep the vital organs stimulated, and feel fit all the time. People don't realize how sluggish they've grown until they've tried it. The stimulant that will stir your system to new life is Dr. Caldwell's syrup pepsin. It will make a most amazing difference *in many ways.*

This famous doctor's prescription is a delicious syrup made with fresh herbs, active senna, and pure pepsin. It starts its good work with the first spoonful. That's all you need to drive away the dullness and headache of a bilious spell, and rid the system of that slow poison that saps your strength. It's better than a tonic for tired bowels, and unlike habit-forming laxatives you can take it freely or give it to any child. And it isn't expensive.

Get some syrup pepsin today, and take a little tonight. Don't wait until you're sick to give your system this wonderful help. You can *avoid* those spells of biliousness or constipation. A spoonful every now and then is better than constant worry about the condition of your bowels, or fear of auto-intoxication as you grow older. Dr. Caldwell's syrup pepsin protects the system. All druggists keep this preparation.

Bridenbaugh Moulds Strong Combination

Koldjeskie, Uram, Rambo, Kominic And Lane Look Like Backfield Starters

Line Is Strong With Three Veterans From Last Year; Butler Will Be Strong

One week from tonight Friday, April 29, the New Castle High School football team will oppose Butler High at Taggart Field in a spring grid contest. The game will start at 8 o'clock Eastern Standard Time. Both schoolboy elevens have been hard at work on the training field for the past three weeks.

Coach Phil H. Bridenbaugh is taking advantage of the fine weather and has been holding long scrimmage sessions each afternoon. On Thursday afternoon a long drill was held with two teams lined up in regular formation and a fast hard scrimmage was the result with honors even. There was no scoring. The reserves fought hard. The tentative varsity looked good. The sun was beating down rather hot, but the boys plugged along.

Backfield Is Fast

The backfield of the tentative varsity was composed of Tom Rambo at quarter, Johnny Uram and Nickum at the halfback posts and Kolodjeskie at fullback. This combination clicked fine. On the line Bridenbaugh had Jones and Rocco. At center was De Carbo a veteran from the 1931 team, with Duff also playing center part of the time, and alternating at guard with De Carbo. Thomas held down the other guard job. The tackles were Fred and Alex Shellogg a pair of brothers from Ben Franklin. Other linemen who broke into the scrimmage from time to time were Patsy James a veteran of last year who worked at end. Bennie Sinkner, from Ben Franklin. Raskowski and Palko from Ben Franklin are giving the linemen a fight for positions.

Long Scrimmage

Scrimmage lasted until 5:30 o'clock. The boys were ready to quit when Bridenbaugh called time. The players all seem to be taking a big interest in the work and the outlook is much brighter now than at the first of the spring training season.

Kominic and Lane, a colored boy broke into the scrimmage and made things interesting. Bridenbaugh has a tough problem picking out a strong combination from the backfield candidates. Nickum looks like a "find." This lad is tall and rangy and a powerful runner. He broke away for several long runs yesterday. He handled himself nicely. He fits well into the Bridenbaugh system.

Reserves Are Good

With a squad of over 50 the chances of New Castle High breaking into the limelight in the grid world are good. There are several fine looking prospects on the second and third teams. They only lack for experience.

Butler High will bring a fast and powerful team here. Coach Heinzer lost but few of his stars from last year. Butler held Wilkinsburg to a scoreless tie and Wilkinsburg lost only to Washington, so it would seem that Butler has something in the way of football material. Butler expects to give New Castle a tough tussle.

The Butler officials have asked for over a 1,000 tickets for the game, and according to Faculty Manager Gardner will have a section of the bleachers reserved for them.

Officials Picked

The officials for the game will likely be G. K. "Ted" Fry of Pitt, referee, J. L. "Les" Harr, Geneva, umpire, and Robert "Bob" Forbes, Geneva head-linesmen. Butler has agreed to this set of officials.

The game will be played unless weather conditions warrant a postponement. Tickets for the game went on sale today at the Sporting Goods Store. The prices are 25c, 50c, and 75c.

County Umpires Meet Tonight

Lawrence County Umpires association will meet at 8 o'clock tonight at the Y. M. C. A., according to announcement today. The meeting is important and all members should be present.

WESLEYAN MEETS GENEVA ON TRACK

Milton And Thomas Named Co-Captains At Geneva

BEAVER FALLS, April 22.—Geneva College trackmen open the 1932 season at Reeves Stadium here Saturday afternoon in a dual meet with Ohio Wesleyan U. from Delaware, Ohio. The Buckeyes, who have not finished lower than second in the Ohio Conference for a period of eleven years replace West Virginia U. on the Geneva track program.

Recently Robert Nulton of Rochester and Arthur Thomas of Mon City were elected co-captains of the Geneva squad to succeed Earl Ewing of Chester, W. Va. Nulton however will not be in action at the opening meet because of illness robbing Geneva of expected points in the 880. Thomas will therefore have sole leadership and will compete for the Gold and White in the 100, 220, 440, and mile relay.

Coach George Gunthier brings down a pack of highly regarded stars featuring Leonard, a 13 foot pole vaulter, Charley Mears, expert sprinter and hurdler, and Clayton Herrick, capable distance runner. Geneva will depend mainly upon Thomas, Sauer, Brust, and Evans in the sprints; Douthitt, Sheppard, Wray and Davis in the distance runs; Rupp and Peitsch in the weights; Evans and Spencer in the hurdles; Spencer in the high jump; Begg in the javelin throw, and Aultman and Ransom in the pole valut.

If Alured "Slim" Ransom of Burgettstown wins a letter in track and field athletics this year he will have annexed his twelfth "G". This is believed to be a record at the Beaver Falls institution. "Slim" will complete in the polevault and javelin throw. Until the arrival of Aultman and Moore, both of Geneva, Ransom was the polevault record holder in the Tri-State Conference.

Terry Hits His Fifth Home Run

"Dead Ball" Not So Dead When Terry, Foxx, Simmons, Gehrig, And Byrd Bat

By LES CONKLIN
International New Service Sports Writer

NEW YORK, April 22.—The so-called "dead" ball, which has been very much in evidence in most major league games during the first ten days of the season, is conspicuous by its absence when the sluggers of the New York Yankees and Philadelphia Athletics start swinging from their heels.

Cochrane, Simmons, Gehrig and Byrd drove the ball out of the lot yesterday. Outbatted, nine hits to six, the A's made their blows count more heavily as Cochrane and Simmons drove in six runs with their circuit clouts. Mickey's smash with the bases loaded in the ninth gave the A's an 8 to 6 win after the Yanks apparently had the game on ice.

Billy Terry of the New York Giants is leading all the home run hitters with five, made in the last three games. The big first sacker got No. 5 against the Phillies yesterday, but pitchers Fred Fitzsimmons really won his own game 5 to 4, with a long double in the eighth.

The surprising Detroit Tigers took first place in the American League race by beating Cleveland 5 to 3.

Universals Will Meet Saturday

Universal Sanitary baseball team, Lawrence county league entrant, will hold an important practice session at the Universal field Saturday afteroon at 2:30 o'clock, according to Dean Staley, business manager of the team.

The following are asked to attend the practice and to report promptly: Al Hughes, Wylie Shiek, Mickey Huff, Joe Diffley, Clem General, Sumner, Peck Houston, Brakovich, Onicka, Ed Reman, Johnny Rogers, Earl Culbertson, Johnny Valley, Paul Coates, Ed Mackie and Paul McConahey.

Bessemer High Defeats Union

Union High Defeated By Bessemer In County League Game 10-6

STANLEY PROVES HEAVY SLUGGER

Bessemer high defeated Union hight, 10 to 6, in a Lawrence County High School League game played at the Scotland Lane field yesterday afternoon. The game was featured by the heavy hitting of Stanley, the Bessemer shortstop, who hammered out a single, double and homer.

Kotchmos and Pleonic held the pitching assignments for Bessemer and allowed the Unionites but three safe bingles. Bessemer combed Davis and Richeye for seven hits, with Stanley having three and Peleonic two. Union had one big inning, the fifth, when they tallied five runs after a rally. Davis was the best hitter in the Union line-up. It was Union's second defeat in the county league.

Titan Gridders End Two Weeks Of Spring Training Tomorrow

(Special To The News

NEW WILMINGTON, Pa., April 22—Westminister College's varsity football squad will end two weeks of spring training tomorrow when Coach John Lawther sends the men through a regulation game, emphasizing the new rules.

Twenty seven members of the squad have been reporting regularly since April 2 for afternoon workouts. Coach Lawther started at fundamentals for the first few days, then branched out into an interpretation of the new rules, and finally gave the squad new plays for next season and sent the players through a number of spirited scrimmages.

Two and three-mile road runs following each day's workout have featured the spring training, and although many of the players were much heavier when they reported than they were last fall, they have worn off this excess weight.

With the addition of the Duquesne game to the Titan schedule, it is probable that the Westminster gridders will report for training camp on September 1. For a time it was thought that the men would not be called out until the opening of college, on September 13, but with the Duquesne game scheduled for the evening of September 16, this plan would not be wise.

GENEVA TO END GRID PRACTICE

Geneva Squad Instructed In New Football Rules

BEAVER FALLS, April 22.—This week winds up the spring grid training session here under Head Coach Howard Harpster. The ex-Tech star inargurated spring training two weeks ago but cancelled several days workout because of inclement weather. He started in again Monday and finished out a schedule on Friday.

Thirty reported to the spring drills and were acquainted thoroughly with the changes in the football rules which go into effect in September. Captain-elect Tom Stauffer of Washington, Pa., headed the group of veterans. Harpster was assisted by Ray Turpin, Princeton, Indiana, who was varsity tackle last season.

PIRATES DEFEAT ST. LOUIS CARDS

Pittsburgh Wins When Waner Doubles And Scores Grace

PITTSBURGH, April 22.—Lloyd Waner and Bob Grace gave the Pirates a victory over the Cards 7 to 6 in a 10 inning game at Forbes field yesterday. With the score 6 to 6, Grace singled to right and went to second on Pepper's boot. Waner doubled and Grace scored the winning run.

Three moundsmen worked for each side. Harris started for the Pirates and was effective until the eighth when Brame had to go to his rescue and it was up to French to rescue Brame. The Cards amassed 14 hits.

The Pirates secured 17 safe blows from the St. Louis hurlers. Derringer started but was relieved in the eighth and Dean took up the hurling job but gave way to Frey in the ninth.

Polish Nationals To Meet Tonight

Tonight at 7:30 o'clock at the St. Michaels hall, the Polish National will meet for an organization meeting, and to talk over plans for the coming baseball season. The St. Michaels hall is located at the corner of Long avenue and Moravia street. All members are asked to be present. Also any others who care to join the club. Due to the importance of this meeting all those unable to attend are asked to call 4468 R and ask for Steve Wrona, manager of the team.

Ringside Memories

What proved to be the best scrap at the bowl? The question often arises but it is a question that only the fan can answer. Some like science, others favor slugging. A fighter admired by some might be disliked by another.

The highest priced bout staged at the bowl was the Willie Davies-Midget Wolgast bout. It was a classy fight. One of the best preliminary tilts was the Otto-Clemens scrap. They were only two bouts of probably more than 500 held at the bowl.

When Davies and Wolgast milled everything was displayed but sharp hitting. When Leo Clemens and Fritz Otto fought it was devoid entirely of science.

No knockdowns occurred in the Davies-Wolgast tilt but there was plenty of feinting, head slipping, light punching and ringcraft.

Up and Down.

Otto and Clemens slaughtered each other. In the first part of the fight Otto had Clemens "all in". Toward the fifth chapter Otto was on the receiving end.

The Davies-Wolgast scrap was a $5,300 affair. The Otto-Clemens fight was approximately a $200 fight as it was the semi-final to a main card.

The Cangey-Ferro fight was a scrap, not only once but twice. The Cangey-Strub battle was a surprise to some, though not to all.

One of the worst scraps was the Dick O'Leary-Eddie O'Dowd fight as it was pink tea from morning until bedtime. The Strub-Hackett scrap was also one-sided.

Hackett's manager described him as tall as Strub. One week previous he was accredited with having floored Tony Herrera. When he arrived he was a midget compared to Strub.

Grande Vs Carpentero.

He had the weight but he did not have the range and Strub pumped Jimmy all o'er the ring. Hackett's manager never received another booking here for alleged falsification.

The Frisco Grande-Luis Carpentero 10-round fight was one of the best main bouts ever staged here. They fought themselves in and battled their way out.

In fact it is generally said that neither would meet each other again. Being Filipinos they wanted to send winning news home. The fight was called a draw.

Emmett Rocco created a big surprise when he outjabbed the veteran Battling Levinsky. It was believed that Rocco would win but no one thought he would outjab the Battler, old as he was.

Joe Sekyra and Al Friedman were popular heavyweights, too. Joe beat Rocco and stopped Gene Stanton, who at the time looked impressive.

Friedman couldn't dent an egg but he proved such a busybody he would not let anyone stun him. Soon as he would jab and cross he would fall into a clinch and work on the body.

Firpo Vs Burns.

Enrie Peters and Phil Tobias fought a sensational fight. It marked the end of Peters' shining star in this section. He went to the coast after taking the severe lacing in this city.

Another good scrap was between Wildcat Auskings and Loule Severo. Further, Loule fought a couple of good scraps wtih Al Reno who always showed up well until he was taken with a knockout.

Leo Mozdy of Erie always gave the fans a run for their coin and right now is staging a comeback. Mickey Donato, though smaller than Mozdy, pleased the boys who paid the freight.

Frankie Rio and Billy (Lou) Wallace staged a couple of gruelling bouts. Rio was a favorite until unintentionally he failed to shake hands at the end of the bout. He became a roasted fighter rather than a toasted scrapper. He is a boxing teacher now.

Henry Firpo fought 'em all and his bout with Johnny Burns was one of the best middleweight tilts that a fan could pay to see. In fact, Firpo fought consistently here and has had the distinction of having battled for the N. B. A. middleweight throne.

George Game to Last.

One of the gamest fighters to have strut in the bowl was George Perotta. He demonstrated it when he milled with Firpo. He was down about nine times and only instinct kept him going until the bout was ended.

The Jackie King-Johnny Jennings scraps were always refreshing and one of the surprises was the knockout of King by Johnny Banko and another good tilt was the Gray-Donnelli bout.

The Gray-Donnelli scrap was one which contained steam and both were anxious to lay each other low soon as the bell sounded. Gray turned the trip after Donnelli was down several times.

Datto Carried Dynamite.

Johnny Datto was a spectacular scrapper. In those days he was accredited with being able to kayo anyone he hit with his right hand. He dropped U. S. Carpentier and Jack McFarland.

In the McFarland-Datto bout, Datto had McFarland down and apparently out in the first but Jack was tough and when Datto hurt his hand later Jack went along until flattened in the seventh.

There were few of the main bouts which were not up to the expectation of the fans and when something did go wrong preliminary battles generally saved the night.

Boxing is at a standstill here. There is some talk of the game being rejuvenated. With warm weather around the corner a pick up in employment would result in gloves flying.

Henry Bruno, Sines And Miller Report Having Caught Trout

With weather warmer, trout fishing has improved during the last few days according to reports received from several persons who have gone in search of the wary fish and according to Henry Bruno, Big Run has some nice trout.

During the past few days Bruno has caught 29 trout in that stream and three in Taylor Run. Jason Sines is reported to have caught eight in the same stream and Ralph Miller caught two in Little Neshannock.

Grimes, Wilson And Hafey Would Have Been Big Help To Cardinals Of 1932

(International News Service)

NEW YORK, April 22. — Some folks never miss the sunshine until the dew begins to spatter their fetlocks and coat lapels, but it's altogether different with those Cardinals.

They heaved Burleigh Grimes into a den of Cubs and shipped Chick Hafey down the river and look where they are now!

They have just become pushovers in a league they were supposed to dominate from flagrise and flagfall.

Shenango High Tops New Wilmington High 17 To 5 In County League Game

FRUITT HURLS TIGHT BALL

Shenango high topped New Wilmington high 17 to 5 in a Lawrence county high school league game played at the Shenango high field yesterday afternoon. The first inning was disastrous for New Wilmington when the Shenango team batted around and scored a flock of runs.

Fruitt pitched a fine steady game for Shenango, allowing but four hits and fanning 10 men. Miller on the hill for the losers was found for 10 hits, two of them for extra bases by Styers and Weir.

FOLLOWING HIS RETREAT INTO PENNSYLVANIA, WASHINGTON REALIZED THAT ONLY A SPECTACULAR SUCCESS COULD RAISE THE PATRIOTS FROM THEIR DISMAL DEJECTION. HE PLANNED A SURPRISE ATTACK ON THE HESSIAN OUTPOST AT TRENTON, NEW JERSEY.

ON THE NIGHT OF DECEMBER 25, 1776, WHILE THE HESSIANS WERE SLEEPING SOUNDLY AFTER THEIR CHRISTMAS REVELRY, WASHINGTON, WITH 2500 MEN, DARINGLY CROSSED THE DELAWARE AT McCONKEY'S FERRY, 9 MILES ABOVE TRENTON, THROUGH THE DANGEROUS, FLOATING ICE.

FRANK MERRIWELL'S NOTE BOOK

Cincinnati drove Christy (Big Six) Mathewson, the famous New York Giant pitcher from the mound on May 18, 1908 giving the late great King of Hurlers a humiliating 9-5 defeat.

Mathewsons revenge was a terrific one. He beat the Reds for three straight years! In that period the Reds found Big Six impregnable. He licked them 21 times, pitched one tie against Cincinnati. The Reds finally stopped Matty again on Aug 19, 1911

NEW YORK STOCKS

Market Continues To Be Reactionary

(International News Service)

NEW YORK, April 22.—The stock market resumed its downward course today under renewal of liquidation in leading issues.

The gains of yesterday's rally were virtually wiped out in the first hour. Declines ran from 1 to 3 points. The same issues under pressure included U. S. Steel, American Telephone, American Can, Allied Chemical, General Electric and Dupont.

Evidence of slight credit expansion in yesterday's Federal Reserve report, were offset by a rise in Brokers Loans and a gain of $2,000,000 in money in circulation.

Some disappointment was expressed in Wall Street circles over the failure of a rediscount rate cut to develop. The British tariff also was considered to have further obscured the world trade situation.

The restraining factor on speculative activity, however, was the steel dividend meeting next Tuesday, and weakness in the preferred, which went to a new bottom, raised apprehension over its $7 rate.

Weakness in Wheat added to the unsettlement. Bonds were irregular and Cotton steady.

All groups joined the reaction, even the rails giving up 1 to 2 points each.

Royal Dutch was again heavy, reflecting weakness in Paris and London. Standard Oil of New Jersey broke to a new low.

Londos Is Winner Over Caribaldi

(International News Service)

DETROIT, April 22—Christopher Theophelus whose working name is Jim Londos last night threw Gino Garibaldi after 36 minutes and 28 seconds before one of the largest crowds ever to see a wrestling exhibition here.

The heavyweight wrestling champion in some states and claimant in all states won after four flying mares and a terrific body slam which left Garibaldi groggy. Before that Garibaldi had Londos tied up in several leg stretches and leg drops.

Sande Seeks Fourth Kentucky Victory

Having Vanquished Weight Bogey That Forced His Retirement, America's Erstwhile Ace Jockey Is Out to Win Derby Once More.

Once the king of American jockeys, Earle Sande, who has been absent from the saddle since 1930, is staging a sensational comeback, with the winning of the 1932 Kentucky Derby as his goal. Sande has already three victories in the Blue Grass classic to his credit. In 1923, he rode Zev to victory and later triumphed against Papyrus, the English challenger, on the same mount. His second Derby was won on Flying Ebony in 1925, and his third on Gallant Fox, his favorite mount, in 1930. It is interesting to note that Sande won his third Derby after he emerged from retirement, just as he is doing now. Earle retired in 1928 to become an owner, but the venture was not profitable and he was forced back to the saddle. In the same year he rode Gallant Fox in all his races and when the shekels were counted at the end of the season the horse had earnd $308,275 for it owner. Sande's money-making record is nothing short of sensational. From 1918 to 1930, he had 3,590 mounts. Of this number he brought 596 winners past the post, 701 for place and 541 for show, earning a total of $3,034,858 for the owners. Last February Sande married Mrs. Marion Adele Kummer, widow of Clarence Kummer, his greatest friend and long a turf rival. It was while on his honeymoon in Florida that he decided to return to the saddle. Recently when Earle rode in the Spring meeting at Jamaica, L. I., he was pleasantly surprised to find another old-time colleague on the road back. It was Buddy Ensor, a name familiar to thousands of turf followers. Sande has had two mounts offered him for the Louisville classic, but as yet has made only one decision—to win it.

Wrecks Porch In Avoiding Collision

Crashes Into North Street Porch In Early Morning Hour

Fred Davis, 305 Winter avenue, according to the report he made to the police, was en route south on North Mill street about two a. m. today and had made a lefthand turn to go east on North street, when he noticed a car coming west on North [illegible] course and to avoid a collision with this car he [illegible] left and went up over the curb and into the porch of the residence at 207 East North street. The porch was badly damaged; also his machine. He was accompanied by his wife. They escaped injury.

It's easy to get Government aid. Just pretend you are a big banker with a lot of bum notes on hand.

Post Office Site Is Exonerated For City Taxes

Council met in the city building today and voted to exonerate of taxation for the remaining eight months of 1932, former owners of properties deeded to the U. S. government for postoffice purposes. The property acquired is located on the south side of Public Square.

The properties were owned by: Mary E. Clark, Elizabeth McCormick, Caroline Wallace, Lillian Westlake and S. W. Cunningham, D. R. Smith et. ux and Hineman Kulkin.

It was explained to council that should any of the properties acquired by the government be rented it could be taxed.

Timberland Is Burning Today

Old Slashing Between Hog Hollow And West Pittsburg Takes Fire

Dense clouds of smoke could be observed this morning arising over the hills south of the city, where a slashing left from cutting off the timber between Hog Hollow and West Pittsburgh was burning.

The smoke rolled down over the town of West Pittsburg, enveloping it in a haze all day, and the smell of the burning timber was very evident in that vicinity.

Residents of West Pittsburg stated this morning that the fire for the most part arose from the debris left where the timber was cut out a year ago.

Sisters Score Grand Slam

The three Van Buren sisters of Ogden, Utah, have electrified the sport world by scoring a grand slam in the Intermountain A. A. U. championship meet. The three girls won all the events! They are Veda, left, who won the 100-yard breast stroke dash; Helen, center, 100-yard free style and diving champion, and Shirley, 100-yard back stroke winner. They did same thing last year.

SPYING ON SPORTS

BY WILLIAM RITT

Central Press Sports Editor

We knew it was too good to be true.

The United States' chances to make a sweep of all international sporting events looked entirely too bright.

Not only did we have the hottest collection of track and field athletes pointing for an Olympiad but our Davis cup tennis chances and our Walker cup golf prospects were as bright as one could wish. And on top of this Mrs. Helen Wills Moody was going to play for the good old U. S. A. in the Wightman cup tennis wars again.

A clean sweep—yes, sir And then Miss Joyce Wethered announced she would be in there swinging a mashie for good, old John Bull in the international women's team matches at Wentworth in May

Hm-m Not so good.

* * *

Miss Wethered is the ace gal golfer of the universe as anyone can tell you. You might call her the Bobby Jones of the girls but then it would almost be equally as true to call Bobby the Joyce Wethered of the boys. It was old Maestro Jones himself, who once said that Miss Wethered could lick a lot of our best male shots—not every day, but often enough.

Miss Wethered, called by Mrs. Glenna Collett Vare, former American champion "the greatest woman golfer of all time" was supposedly out of competitive golf. Her retirement took place many months ago. But, being a woman she has changed her mind. Shrill soprano cries of :"How about Jack Dempsay? Jerome Travers? Barney Oldfield? Stanislaus What's-His-Name?")

Anyway, Miss Wethered has changed her mind and will play in those international matches.

* * *

The presence of Miss Wethered in the British lineup should have a greater effect or the team than just so much physical skill and strength to the total of team play. The morale of the fair maids of old England should pep up considerably with Joyce on their side.

However, with an American team composed of Miss Vare, Miss Helen Hicks, national champion; Miss Virginia Van Wie, Miss Maurine Orcutt, Mrs. O. S. Hill and Mrs. Leona Cheney among others, Americas chances haven't gone entirely into eclipse.

The situatior wasn't any too bright, from an American standpoint, even before Miss Wethered decided on a "come-back."

It will be remembered that in 1930 the British girls won without the services of the great Joyce. That year Brittania's daughters won eight matches to our six with one foursome tussle halved.

PROTEST DECISION IN MOONEY'S CASE

Gomer Jenkins, secretary of the international labor defense organization, announces that a meeting will be held on Saturday afternoon at 2:30 on the plot near the central fire station to protest the imprisonment of Tom Mooney and Warren Billings in California and to demand the release of nine negro boys in jail on a charge of rape in the South.
